LOGEE'S GREENHOUSES

Established 1892

55 NORTH STREET

Danielson, Connecticut

FOREWORD

We would like to take this opportunity to thank those who have favored us with their orders in the past and to welcome all new customers to our ever growing list of satisfied patrons.

We have devoted more than 30 years to our collection of Rex and Fibrous Rooted Begonias and we now have over 400 varieties — the largest collection of Begonias in the East. Our greenhouses were founded in 1892 by our father, William D. Logee, and his original woodframe greenhouse still stands. In this house grows our famous Ponderosa Lemon Tree with a huge old staghorn fern underneath while at the opposite end a sprawling Acacia appears to be supporting the roof. Of special interest are the tropical vines of Bouganvillea, Passion Flower, Star Jasmine, Allamanda, and Plumbago.

A friendly invitation is extended to all who wish to visit us. Our greenhouses are always open — Sundays, holidays, and evenings — and we may be reached by phoning PRescott 4-8038. We are located one mile north from the center of Danielson just off Connecticut Route 12.

We hope this catalog will help you in making your selections and await the opportunity to be of service.

LOGEE'S GREENHOUSES

Richard M. Logee *Ernest E. Martin*
Joy Logee Martin

TERMS OF SALE

Minimum order \$5.00; west of Mississippi, \$5.50.

CASH WITH ORDER. Make check payable to "Logee's". Connecticut residents add 3½% Sales Tax.

Plants will be skillfully packed and sent via the best method, postage prepaid, in 2¼" paper pots or larger. Airmail shipments recommended during our winter season; add \$2.00 for this service. Shipping continues throughout the year, weather permitting. Our plants are guaranteed to reach you in good condition. If sold out of any variety, we will supply a similar plant of equal value.

LARGER PLANTS AVAILABLE. Write for prices

REX BEGONIAS

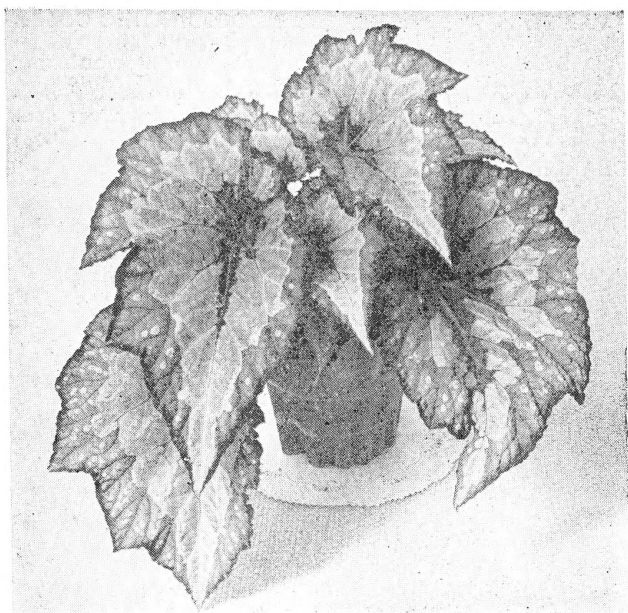

CULTURAL HINTS

The Rex is strictly a shade plant; northern exposure is best. Our potting soil is two-thirds compost, one-third old sod soil; add a liberal amount of bone meal, a sprinkling of wood ashes and charcoal. They suffer from over-watering so good drainage is important. If desired, they can be treated as a seasonal plant by keeping the root-stock on the dry side during the winter bringing them into life in spring by adding water and plant food. Don't discard because a plant has dropped its leaves because it can become a beautiful specimen in season.

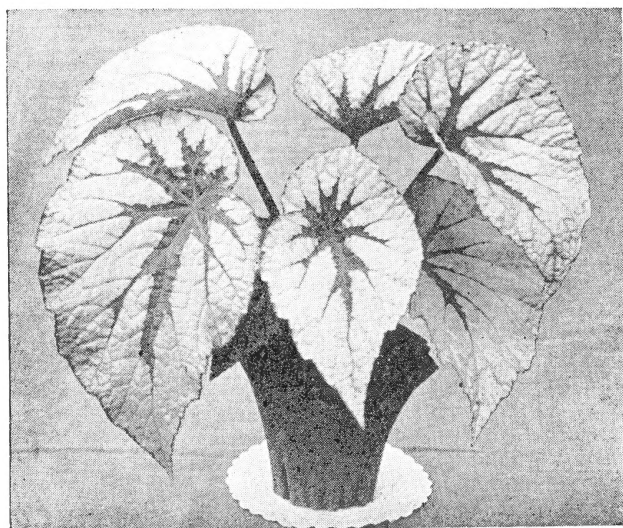

Spaghnum Moss makes an excellent growing medium for all begonias and other house plants. (See article November 1955 Popular Gardening.)

NEW INTRODUCTIONS

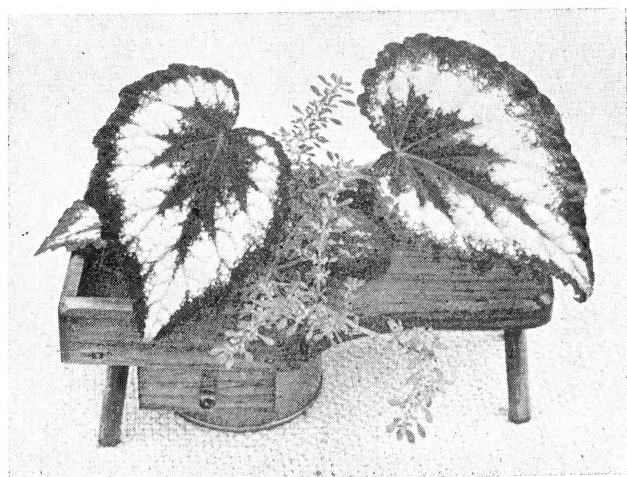

- AUTUMN GLOW. Pointed leaf mottled rose and silver. Green margin; outstanding color. \$2.00
- AVILA. Well-rounded leaf with overlapping lobe. Zones of rose and silver, dark center; color variable. \$2.00
- CAN-CAN. Deeply ruffled leaf sharply pointed with deep dips; taffeta silver overlaid with blush pink. \$3.00
- CURLY SILVER LAKE. Like Purple Curly Stardust; lighter undertones; crimson edge. \$2.00
- CURLY THUNDERCLOUD. Like Thundercloud but having spiral leaf. \$1.50
- DEW DROP. Leaf pearly surface delicately tinted pink; lobed leaves suggestive of the ivy. \$2.00
- EMBER. Flickering shades of silver, pink, and rose interspersed with green. \$2.00
- FRAU HOFFMAN. Metallic rose covers center of leaf shading to silver-gray. Branching habit. \$1.50
- LAVENDER GLOW. Jet-black center, leaves silver overlaid with sunset red. \$2.00
- LIBELLIE. Heavily silvered, narrow leaf of medium size, base branching; like Salamander. \$1.00
- MERRY CHRISTMAS. Leaves satiny red outlined in bright green with velvety red center and edge. \$2.00
- MOHEGAN. Small leaved. Brilliant crimson rose, edged with maroon. \$2.00
- MRS. WILEY. Pink blush overall; olive-green veins. \$2.00
- OAJAI. Large leaf; center and wide edge forest-green heavily spotted large silver dots. \$2.50
- POINCARÉ. Large spotted silver and green leaf with solid silver dripping from lobed margin. \$1.00.
- REDWING. Beautiful pointed leaves, outer edge silver, center maroon; overall flushed with crimson. \$2.00
- ROBIN. Distinctly different; upright branching, small maple shaped leaves; crimson sprinkled with fine silver; pink flowers, blooms continuously. \$2.00
- SILVER ROSE. Leaves beautiful metallic silver, center rose pink. Compact grower of perfect symmetry. \$2.00
- SILVER GREEN HEART. Very beautiful. Nearly entirely silvery green leaf. Solid green at center. \$2.00.
- SIR PERCY. Like Pearli, small metallic silver leaves with dark green edging; underside brick red. \$1.50
- STONE MOUNTAIN. Stone grey leaves, underside red. Rather dwarf compact grower. \$1.50
- SUNBURST. Rounded, deeply cut leaf light green; dark green palmate center running into wide veins. \$2.00
- THUNDER CLOUD. Ruffled leaf of silver green, with distinct dark green center, very attractive. \$1.50.
- TRAQUAIR. Many large tapering leaves; clumpy growth. \$2.00

MERRY CHRISTMAS

SILVER GREENHEART

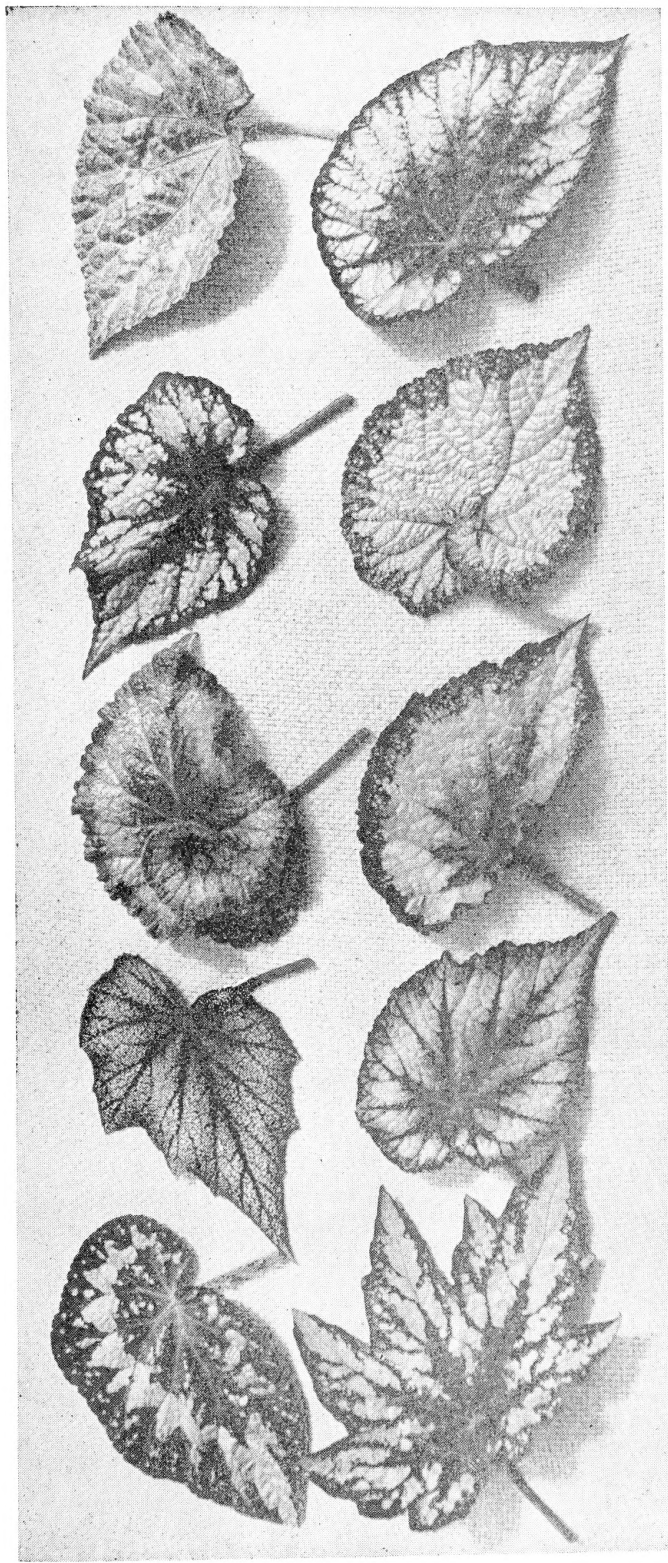

HELEN LEWIS

VARIETIES WITH SILVER THE PREDOMINATING COLOR

- A.D. DAVIS. Medium leaves of silver gray. Brownish gray at the margin in striking contrast. 75c
- CARNOT. Large leaf of darkest green. Raised silver spots evenly distributed. 75c
- CHARLES SCHMIDT. Large green lobed leaf sparsely silvered. 75c
- COONS EYE. Silver with undulating edge. Pearl green center. Upright. \$1.00.
- DARK CARNOT. Deeper colors than the above. In this variety silver spots are subdued. Very attractive. \$1.00.
- ELLA MARGUERITE. Mottled green border, toothed, and lobed margin. \$1.50
- EMERALD GIANT. A beautiful begonia with rich colors of green and brown. Stands out among the others in the green class. \$1.00.
- FIESTA. Round leaf with even margin. Splashes of silver that turn pink. \$1.50.
- HUSBANDS FAVORITE. Medium plant with round leaves heavily silvered. Flushed pink at times. \$1.00.
- IMPROVED MODESTY. Strong grower. Background of daphne pink on solid and peppered zones of silver. 75c.
- INIMITABLE. Silver green leaf with erect pink hairs. \$1.00
- KATHLYANA. Long pointed lobed leaf heavily speckled silver. Bright unbroken lines of green to the margin. Very attractive. \$1.50.
- LESOUDSI. An old timer. Lobed leaf, dark green, spotted pea green and silver. 75c.
- LORD PALMERSTON. Olive green leaves with lighter green zone. Stipuled with sage green. 75c.
- MARLBOROUGH BEAUTY. Large leaf almost entirely silver. Green margin. An old favorite. 75c
- MODESTY. Long leaf, blunt with dots and splashes of silver green. 75c.
- MONTALVO. Large silver leaf with green at the center and at the margin. 75c.
- MRS. DREW. Silver green with bright green. Zones clearly marked. An illusion of a leaf within a leaf. \$1.00
- MRS. FREVERT. Leaf outline similar to the maple. Silver-green darker at the edge. 75c
- MRS. JOHN BURNHAM. Large silver leaf lightly covered with pink erect hairs. 75c
- MRS. MOON. Shallowly lobed leaf with a different shade of silver-green. Distinct palmate center. Upright. 75c
- PEACE. Wide tapering leaf entirely silver tinted pink, deepening to rose with increased light. \$1.00.
- PEARL HUME. Large silver spots on grass green background. Richly contrasted as in no other variety. 75c
- PERLE DE PARIS. Beautiful large leaves of silver metallic green. Flowers striking lemon color. True elephant ear begonia. \$1.00
- PETER PAN. Beautiful green variety. Center band of silver green. Dark green background. 75c
- QUEEN WILHEMENA. Almost entire silver. Leaves large with blistered surface. 75c
- ROBERT GEORGE. Leaves on long petioles. Another maple leaf type, silvered heavily to be near solid. Green palmate center and edging. 75c
- RUBENA. Resembles Fiesta in many ways. Flushes pink in the sunlight. 75c
- SALAMANDER. Like Fairy, only the base color is green. Compact grower with erect pointed leaves. \$1.50

SET OF LEAVES

Rex Begonias. L to r. top row: Fiesta, Kathlyana, Princess of Hanover, Patsy, Meteor; 2nd row: Bertha MacGregor, Lavender Glow, Cardoza Gardens, Capt. Nemo, Madame Rampke.

- SILVER CORD. Round leaf of silver and green. Silver confined to the areas between veins. 75c
- SILVER KING. King of the silvers--well named--large steel grey leaf with glistening surface. \$1.00
- SOLID SILVER. Small plant in monochrome. Narrow pointed leaves somewhat erect. \$1.00.
- SPIDER WEB. Leaves deeply lobed silver gray and sparsely hairy. 75c

REX ALL GREEN OR SLATE GREEN IN COLOR

- BEARDED. Outstanding hairy rex. Shades of green. Coarse light hairs standing erect over the entire leaf. \$1.00
- CHILDS SPOTTED. Entirely green except for small dots at the base of fine hairs. Leaf of heavy texture. 75c
- EVERGREEN. Solid fern green leaves, broad and tapering. An all green variety. \$1.00
- JECOCK MIDNIGHT. Large leaf. Olive green cast. \$1.00
- MIDNIGHT. Smoky leaf, peppered with white dots. 75c
- QUEEN OF HANOVER. An old well-known variety, easy growing. Bands of green and lighter green. Many fine pink hairs. 75c
- STARDUST. Large dark olive green, entirely dusted with silver. 75c
- TIOGA. Center of olive green. Margin brighter green. Blistered surface. 75c

BRILLIANT LEAVED GROUP

- BLACK DIAMOND. Erect habit of growth. Leaves dark maroon with center zone of burnished silver, faintly speckled. \$1.00
- BLACK KNIGHT. Broad leaf almost black. Stippled band of pink dots. One of the darkest varieties. \$1.00
- CARDOZA GARDENS. Large leaved plants of rainbow hues. \$1.50
- CHRETIEN. Bright metallic rose on black. Low-growing with broad leaves. \$1.00
- CRIMSON GLOW. Leaves pointed and slightly cupped. Rose-pink dusted silver. Longer leaf than usual. 75c
- DUSKY ROSE. Deep sombre tones of maroon and black. Compact plant with wide leaves. \$1.50
- EMPEROR. Leaf has a sanded appearance. Flushed crimson at the center. 75c
- FAIRY. Pointed silver leaf, veined with gnaphalium green, tinted with pink. \$1.00
- FIREFLUSH. One of the finest of Rex; leaves dark green edged with black, entire leaf covered with red hairs; new leaves resemble red velvet, flowers white and very fragrant. \$1.50
- GLORY OF ST. ALBANS. Most brilliant; leaves of glistening bright rose overlaid with silver. \$2.00
- HELEN TUPPEL. Leaves long, pointed, sharply lobed. Garnet brushed with silver. \$1.00
- HERMAN TUPPEL. Broader leaf without lobes. \$1.00
- HUNTINGTON LAKE. Somewhat hairy leaves of deepest color. Faintly marked silver. \$1.00
- HELEN LEWIS. Bands of color are distinct; deep wine, contrasting band of silver. \$1.50
- HER MAJESTY. Distinctly different. Black center and edge. frosty zone of metallic rose. \$1.50
- HIS MAJESTY. Velvet-robed center crowned with garnet-studded silver trimmed in deep purple. \$1.50.
- KING EDWARD. Very dark satin black leaves spotted red. Of easy culture. \$1.00.

- KING HENRY VII. Medium plant with dark maroon leaves, irregular spots of silver. \$1.00.
- MADAME RAMPKE. Broad colorful leaf of silver brushed a lively pink. \$2.00.
- MARION LOUISE. Pointed and sharply lobed leaves of silver green. Grass green center and margin. \$1.50.
- METEOR. Compact plant with well-rounded leaves. Deep rose entirely speckled with silver. \$1.00.
- MIKADO. Leaf colored plum rose at center and margin. Plum color spilling into a silver center. \$1.00
- MT. HAZE (Wadsworth) A true smoky rex. Dusky rose dusted with silver. \$2.00.
- OUR INDIAN. Leaf with glossy surface. Indian red, dullest green at the margin. \$1.50
- PACIFIC SUNSET. Fading shades of red blending into silver; purple glow edge. \$1.00
- PAINTED LADY. Daubed like an artist's pallet. Splashes of red and green most conspicuous. \$1.50
- PATSY. Low growing with shallow lobed leaves. Silver and rose. \$1.50.
- PEACOCK. Darkest tones of black and red. Large leaves hugging the pot. \$2.00.
- SEA NYMPH. Leaf with colorful spots like bubbles rising in emerald sea waters. \$1.00.
- SILVER QUEEN. A soft silver grey with overcast of metallic purple in center. \$1.00.

SPIRALLED LEAVED GROUP

- BRONZE KING. Olive green leaves. Spiralling very pronounced. Pink hairs rise from silvery dots. \$1.50.
- CAPTAIN NEMO. Green and silver green color bands distinctly marked. \$1.50.
- CARMELITA. Leaf dark green with brown markings and silver bands. \$1.50.
- COMTESSE LOUISE ERDODY. An old variety toned gray-green, flushed rose. Overall pink hairy. \$2.00.
- CURLY CARNOT. Very heavy textured leaf almost entirely silver. Green confined only to the veins. \$1.00.
- CURLY FIREFLUSH. New. A beautiful curly type with the same striking velvet leaves of Fireflush. \$2.00.
- CURLY SILVER SWEET. Very ruffled all silver leaf, garnet-veined. \$2.50
- CURLY STARDUST. Gray-green leaf facing up. Sprinkled with silver. \$1.00.
- NEW ERDODY. A curly form of Queen Wilhelmina. \$2.00.
- OREGON SUNSET. Colors of the hardwood trees in autumn. Leaves appear rolled and crumpled. \$2.00.
- PRINCESS OF HANOVER. Green, covered with tiny light pink hairs. \$1.50.
- PURPLE CURLY STARDUST. Leaves of purplish cast heavily stippled silver. \$2.00.
- SILVER GLOW. Curly leaf, embossed silver pink-tinged with veins of green. \$2.00
- TWISTY SPOT. Coarsely toothed leaf of wine. Silver dots evenly distributed. \$2.00.

UPRIGHT AND BRANCHING TYPES

- ANNIE ROBINSON. Striking metallic zone in center. Remainder black, dark red beneath. \$1.00.
- ABEL CARRIERE. Small smooth leaf of silver and green flushing pink in sunlight. 75c.

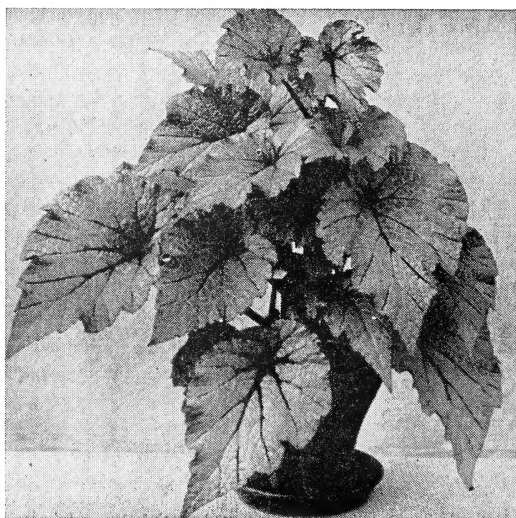

- ALFREANA. Satiny silver gray pointed leaves with dark slate palmate center. Outstanding flowers of ivory pink. \$1.50.
- BERTHA MAC GREGOR. Spots and splashes of silver on olive green. Deeply lobed like the maple. 75c
- IRISH COLLEEN. Satin green leaves, black-veined. 75c
- MRS. A. G. SHEPARD. Silver covers most of the leaf with a distinct green margin. 75c
- NIGGER TREE. Smoky black leaf with an area of brightest green. \$1.00
- PINKIE. Solid silvery pink delicate markings of purple. \$1.00
- SILVER FLEECE. Light green stippled with silver. 75c
- SILVER SWEET. Silver-gray leaves, dark veined. \$1.00
- VAN EX. Silver on green. 75c

MINIATURE GROUP

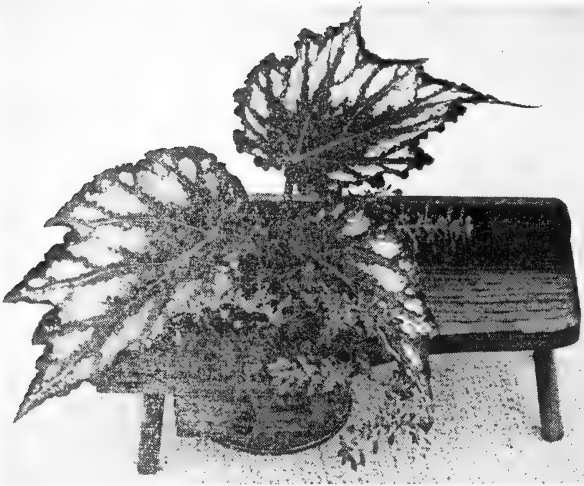

- BABY RAINBOW. Just what the name implies; a miniature Rex with rainbow hues. \$2.00.
- CALICO. Round leaves silver dotted. Flushed crimson. \$1.00.
- GRIFFITHI. Species from Bhutan. Velvet plush leaves, green with silver band. \$2.00.
- IT. A Rex hybrid, green leaves striped with silver; flowers freely, bright pink. \$1.00.
- LORRAINE CLOSSON. New; brightest of all. \$2.50
- LOUISE CLOSSON. Dark red leaf with metallic sheen. \$1.00.
- LUCILLE CLOSSON. Dark leaf, large purple-pink blotches. \$1.50.
- LUCY CLOSSON. Dwarf leaf with flecks of purple. \$1.50.
- PANSY. Unusual metallic green with distinctly marked center of dark green; flowers rose. \$1.00

GRAPE LEAF GROUP

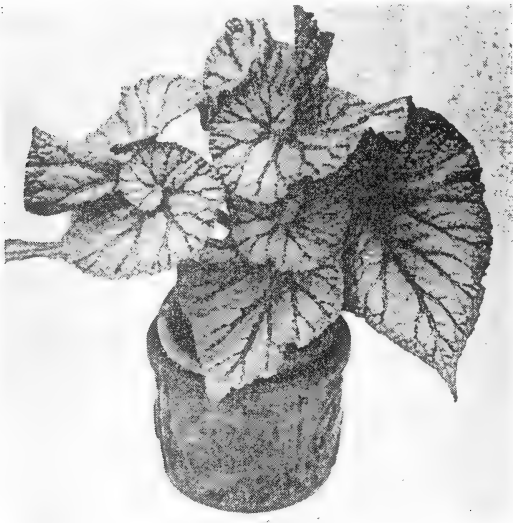

- ACIDA. Low growing habit with netted light green leaves. Distinctive and different. \$1.50.
- ILLUSTRATA. Compact plant with small round leaves gray-green, faint mottling. Flowers in winter. 75c.
- PEARLI. Leaves pearly gray, narrow green margin. 75c.
- SPECULATA. Light green shallow lobed leaves. Surface blistered. Flowers lovely light pink. \$1.00.

SILVER SWEET

HELEN TUPPEL

COMTESSE LOUISE ERDODY

GOEGOENSIS

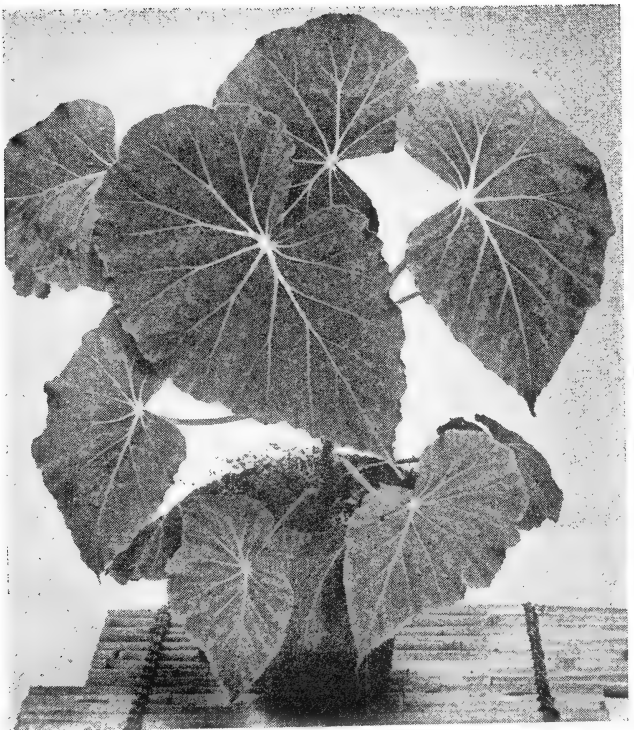

FIBROUS BEGONIAS

New Introductions

- ANDINA. Erect grower; light green leaves, entire plant covered with brown matted hairs. Flowers white. \$1.00
- BOW-ARRIOLA. Miniature star-leaved hybrid of Boweri; lobed leaves of dark green. \$2.00.
- BOW-NIGRA. Another fine Boweri hybrid. Star-shaped leaves of dark green with showy light green center. \$2.00.
- EMILY CLIBRAN. The best of the "Winter Flowering" Begonias. Large double salmon-pink blossoms. \$3.00**
- FRANCOIS GAULIN. Angel wing type similar to Pres. Carnot. Lower growing; leaves not so deeply lobed. \$2.00.
- HEPATICAC MACULATA. Low growing rhizomatous. Irregular brown markings on round yellow green leaves. A very strong grower. \$2.00.
- PERLE de GARDE. Another fine angel wing of bushy growth. Leaves olive green with large deep pink flowers. \$2.00.
- PINAFORE. Our latest introduction. A seedling of Elaine. Low growing angel wing type. Leaves slate green, silver spotted; beet red beneath. Prolific flowers of bright salmon blooming over a long period. \$3.00.**
- VALDENSIUM. "Philodendron-leaved Begonia". Erect grower. Leaves grass green, broad, flat with slight undulating edge. Prominent light green veins. \$5.00.**
- VIAU-SCHARFF. A lovely hairy-leaved type with long-lasting clusters of large white flowers. Leaves plush velvet. \$2.00.
- AFRICAN SPECIES. Beautiful plant with dark smooth green foliage like the peach leaf. Smooth stems with brown tomentose. Flowers white. \$2.00.
- ARIDICAULIS. A worthwhile miniature. Small, bright green leaves lighter along the veins. Flowers white in late winter. Curiously, the stems appear to be withered. \$2.00
- BOWERI MAJOR. Larger than its petite cousin, Boweri. Blotches on leaves not as pronounced as the former, but possess a vibrant green, clumpy habit. \$1.50.
- BROCADE. Tapestry of iridescent silver on green lobed leaf; underside rose; white blooms pink tinged; trailing habit. \$2.00
- CUBAN SPECIES. "Holly-leaved Begonia" Small glossy dark green leaves, sickle-shaped. Flowers white which appear in pairs and cover the plant in winter. Bushy habit. \$1.00
- DAYI. Interesting rhizomatous type. Glossy, light green leaves with dark maroon veins. Ivory-colored flowers on graceful long sprays above the foliage. \$3.50
- DUSCHARF. More beautiful than Scharffi, which it resembles. Leaves broader, darker green, with white hairs. Blooms in huge clusters, white, covered with pink hairs, lasting over a long period. \$3.00.
- ELLA KEYES. Similar to Feasti, the "Pond Lily Begonia". Leaves much larger, lighter green. Fragrant blooms of light pink. \$2.00
- E. O. ORPET. Hanging type Mazae hybrid with beautiful bronzy leaves. Flowers coral in winter. \$2.00
- FAIRY. Misty tones of green on small curved tomentose leaf; delicate pink double and single blossoms. "Out-of-this-world". \$2.00
- FERNANDO COSTAE. Large round leaves. Very hairy, bright green above, rose pink beneath. Flowers white in large clusters above the foliage. Each floweret forms a perfect cross. New species from Brazil. \$2.00.
- FLORENCE CARRELL. Limminghei hybrid. An everblooming trailer, with beautiful coral red pendulous flowers. 1.00

PINAFORE

VALDENSIUM

- FRANCISII. Low growing, creeping habit. New leaves strawberry color. \$1.50.
- GLOIRE DE JOUY. Mallet hybrid, leaves are round, green, peppered with silvery spots, red beneath. Flowers large soft pink. \$2.00.
- HANDELI. Rare species from China. Rhizomatous, leaves light green sparsely covered with bright red hairs. Flowers cream color, fragrance of sandalwood. \$3.00.
- HEMSLEYANA. Palmate leaves of shining green above and red beneath; bushy habit of growth makes this species from China a distinctive variety. Flowers pink in summer. Of easy culture. \$2.00.
- HISPIDIVILLOSA. Rhizomatous. Light green round leaves, coarse hairy, veins prominent. A medium grower, stems covered with maroon hairs. Flowers light red in winter. Mexico. \$2.00.
- ISOPTERA. Java species. Low growing with small, light green leaves, margins red. Tiny flowers greenish white edges red. Bushy grower and distinctive. \$1.50.
- JOHNSTONI. Rapid growing, erect habit. Ovate-scalloped leaves with faint gray bloom, cherry red at the sinus. Stems spotted red. Light pink flowers in winter. \$1.00.
- KENWORTHYI. Rhizomatous Mexican species, with leaves resembling ivy in form, smooth, with grayish bloom. Flowers faintly pink in mid-winter. \$2.50.
- LIMMINGHEI X. DICHROA. Hybrid of greater vigor. Large triangular grass green leaves. Drooping habit. Showy coral pink flowers, in large clusters. \$2.50
- LULU BOWER. Angel Wing type; bronzy-green leaf; long-lasting showy orange flowers. \$3.50
- LUWALTER. Mazae hybrid. Upright growth. Flowers pink in winter. \$1.00.
- PICTA. A beautiful, summer growing tuberous species from the Himalayas. Leaves of velvet green, veined dark green, maroon under. Large single pink flowers. \$2.00.
- PINK PARADE. Gorgeous Dichroa hybrid of Mrs. William D. Nisbet. Flowers are actually salmon pink. Prime leaves heavily silver-spotted, wavy margins. \$2.50.
- PINK SPOT LUCERNE. Outstanding hybrid of Coralline Lucerne, having dark green leaves with metallic-pink spots. Bright red blooms are striking. Greatly admired by everyone. \$2.50
- QUADRELOCULARIS. Lancelate leaves, somewhat cupped, brittle, pebbly texture. Unusual white flowers bearing four winged seed pods. New species. \$2.00
- RICKY MINTER. Cristata X Mazae. Leaves dark bronze, ruffled edge with prominent veins. Rose pink flowers in winter. A robust grower. \$2.50.
- ROTUNDIFOLIA. A miniature with round crenate light green leaves on red petioles. Flowers white blooming over a long period. Native to Haiti. \$2.00.
- RUBIYAT. A beautiful hybrid of Dichroa, with smooth green leaves and large clusters of luscious salmon pink flowers, which continue blooming over a long period of time. \$2.50.
- SERMENTACEA. Rex-type iridescent leaf; very prominent veins like Anthurium Cristallinum; striking. \$3.00
- SILVER PUSTULATA. Greatly admired by everyone, with its silvery-white markings on Nile green leaves. Low-growing, outstanding new Begonia of merit. \$2.50
- SPAULDING. New miniature by Louise Schwerdtfeger of Santa Barbara (Boweri X Hydrocotylifolia) Round leaves with slightly hairy margin. Brownish green to green above. Underside beet-red adjacent to the veins. Flowers light pink to near white depending on the light. \$2.00.

RICKY MINTER

HEMSLEYANA

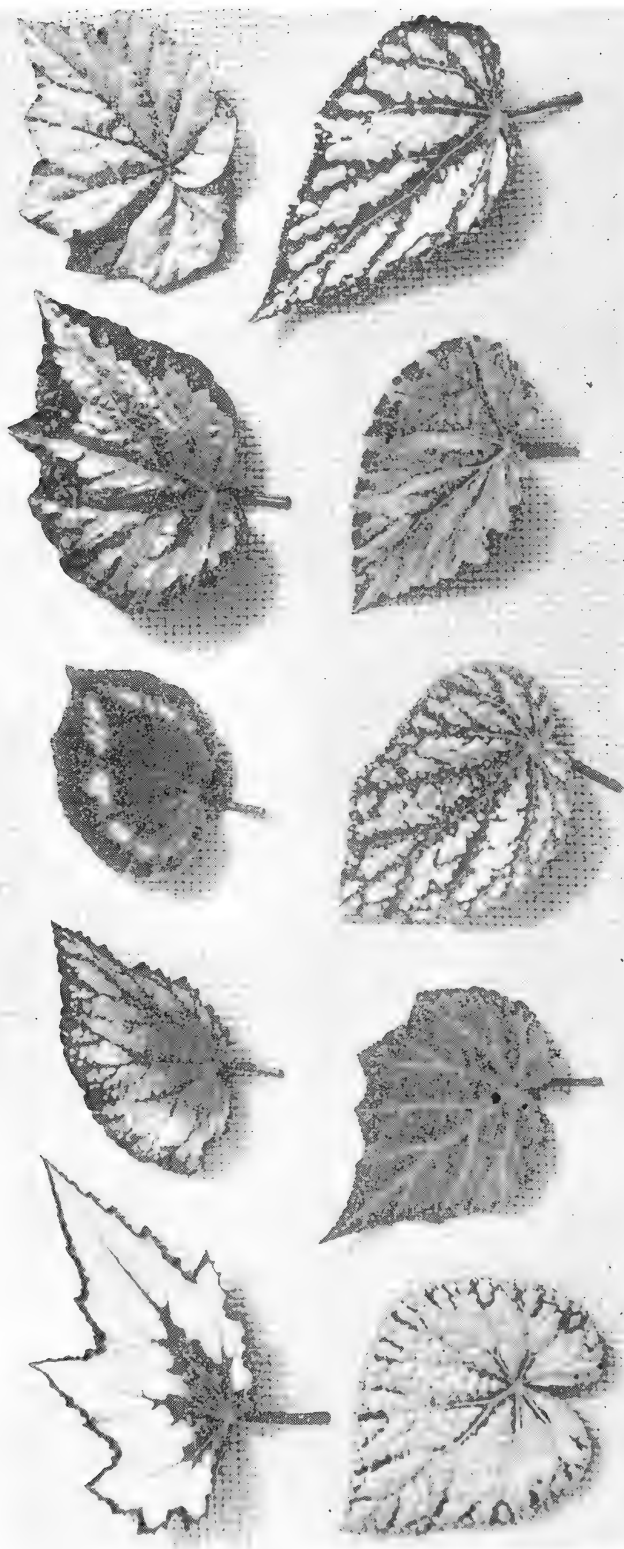

SPAULDING

- STITCH-LEAF. *Mazae* hybrid, light green leaf with dark green markings at the margin. \$1.50.
- TAMO. Strong hybrid of *Incana* X *Mazae*. Upright rhizomatous of unusual beauty, leaves covered with tomentum, green-brown above, red beneath. Flowers white in winter. New. \$1.50.
- TINGLEY MALLET. (MME. LIONNET) One of the most beautifully colored, brilliant red bronze leaves, overlaid with silver pink dots and red hairs. Large clear rose pink flowers. Of easy culture. \$2.00
- THE PRESIDENT. Double red flowers, three inches across. One of the most brilliant so-called "Winter-flowering Begonias." Excellent house plant. New. \$3.00.
- VENOSA HYBRID. Very dark red underneath, dark green fuzzy top; more branched than *Venosa*. \$2.00
- ZEEBOWMAN. A fine silver-leaved hybrid of *Liebmanni* and *Boweri*. Rhizomatous and compact. \$2.00.

MISCELLANEOUS FIBROUS BEGONIAS

- ALMA MILLIKEN. Rather tall growing smooth *Lucerna* type. Splashes of silver and green, with red margin. \$1.00
- ALNIFOLIA. "Alder Leaf". Plant entirely smooth with narrow light green leaves. \$1.00
- ALPHA GERE. Leaf like begonia *Dichotoma*, light green, toothed, climbing. \$1.00.
- ARTHUR MALLET. One of the most richly colored; dark red-bronze leaves overlaid with silver-pink dots; large clear rose-pink flowers. \$2.50
- ASCETOSA. Unsurpassed rare Brazilian species. Leaf surface hairy, bright green, underside red velvet. White flowered. \$2.50.
- BOWERI. Miniature "Eyelash" Begonia. Leaves light green chocolate markings, erect hairs at the leaf margin. Pale pink flowers. \$2.00.
- CATHAYANA. Antique Chinese. Plush green with smooth bright red veins. Light orange flowers. \$2.50
- CRESTABRUCKI. "Lettuce leaf". Like *Manicata Aureo Crispa*. \$2.50.
- DANCING GIRL. Outstanding, because no leaves on the plant are alike in cut and size. Leaves green, streaked and spotted silver. Bushy habit. \$1.50.
- DAWN. Low growing with lance shaped leaves, green heavily silvered. Red edged. \$1.00.
- DELICIOSA. Borneo species. Smooth plant, quite tall, red stems, dark green leaves deeply lobed. Light pink flowers in late summer. \$1.00.
- DIADEMA. Leaves more deeply cut than the above and light green, streaked silver. White flowered. \$1.00.
- DICHROA. Beautiful low growing from Brazil. Bright glossy green leaves. Outstanding because of its brilliant orange flowers. \$3.50.
- DIPETALA syn. MRS. KIMBALL. Erect grower, with green finely toothed leaves close to the stalk. Large light pink flowers on short stems. \$1.00.
- ENGLERI. Stems covered with shaggy red hairs, upright habit. Leaves dark green, toothed, veins red. African species. \$1.00
- EPIPSILA. Low growing Brazilian species with fleshy leaves glossy green above, brown wooly beneath. Flowers white, showy seed pods. \$2.00.
- GOEGOENSIS. Rhizomatous species from Sumatra with puckered peltate leaves that are bronzy green, veins lighter green. Leaf stems are square. Winter bloomer. \$3.00.
- IMPERIALIS. Choice miniature with cordate leaves. Velvety leaves are two-toned olive brown and brighter green. Mexico. \$2.00

SET OF LEAVES

Rex Begonias. L. to r. top row: Marion Louise, Baby Rainbow. Griffithi, Lucille Closson, Dew Drop; 2nd row: Husbands Favorite. Robin, It, Stone Mountain, Salamander.

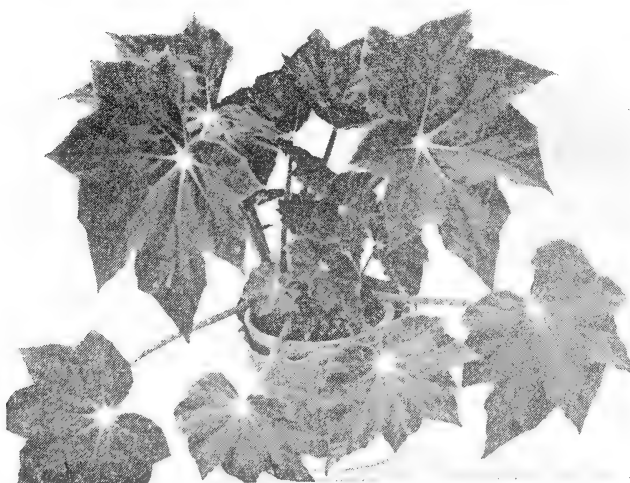

- IMPERIALIS SMARAGDINA. Like Imperialis, but with the leaves solid emerald green. \$2.50.
- JOE HAYDEN. Mazae hybrid. Leaves satiny dark bronzy green, red beneath. Flowers red in winter. Vigorous and easy grower. \$1.50.
- LIEBMANNI. Low growing clumpy plant with silver and green leaves sharply lobed. Flowers white. \$1.50.
- LUXURIANS. "Palm-leaf" begonia; beautiful and different. \$1.00.
- MALABARICA. Very old begonia from Malabar. Leaf rich green shade. Large light pink flowers on short stems. \$1.00
- MANICATA AUREO CRISPA. Choicest of the manicata group. Leaves light green mottled yellow, crinkly margin that becomes pink in the sun. \$3.00.
- MARGUERITACEA. Like the metallic-purple leaves of Arthur Mallet. Lower growing than the latter. Blooming freely with pink flowers. \$1.50.
- MME. FANNY GIRON. A variety that does well in hanging containers. Bright crimson flowers are distinctive. leaves green, toothed, and pointed. \$1.00.
- MAZAE. Upright with round bronzy green leaves, satiny surface. Late winter bloomer. Flowers small deep pink. \$1.00.
- MARJORIE GIBBS. The well known "Christmas Begonia," with a profusion of deep rose flowers from December to April. \$1.50.
- NITIDA ODORATA ALBA. An erect plant with smooth bright green leaves. Rose scented clusters of large white flowers. \$1.00
- NITIDA. Thick, glossy green leaves, with rose colored flowers. Fragrant. \$1.00
- ODORATA ALBA. Bushy plant with light smooth green leaves and white flowers. \$1.00.
- OADI. Seedling of Odorata Alba. Free flowering with pointed glossy green leaves. Blossoms light pink. 75c.
- OLBIA. Smooth plant with bronzy green leaves lobed like the maple. Drooping large white flowers. \$1.00.
- ORANGE RUBRA. Like Dichroa though more erect. Showy orange flowers. \$3.50.
- PLEBJA. Rhizomatous with light green leaves and conspicuous brown spots. Small white flowers against the pot. Completely dormant in winter. \$1.50.
- RED KIMBALL. Like Evansiana. Leaves red. 75c.
- RED-VEINED NELUMBIFOLIA. Large peltate leaves, conspicuous red veins on the newer leaves. \$1.50.
- RICHARD ROBINSON. Semi-tuberous plant with leaves resembling the cut-leaf maple. Silver and green surface. Bushy growth. \$1.50.
- ROEZLI. Erect plant of round smooth green leaves. Light pink flowers in winter. \$1.00.
- ROSEA-GIGANTEA. Very free flowering, from December to March, rose red, covering the entire plant. Bushy growth, leaves shiny green. \$1.00.
- RUBRO-VENIA. Long tapering leaves dark green above, red beneath. Flowers white. A distinctive species from India. 75c.
- RUBRO-VENIA SILVER. Like the above, except the leaves are entirely silver green. \$1.00.
- RUBRO-VENIA SPOTTED. White spotted leaves. 75c
- SCEPTRUM. Syn. ACONITIFOLIA. Tall growing type with deeply lobed silver blotched leaves. \$2.00.
- SCHULZIANA. Miniature species from Haiti. Leaves sharply lobed. Interesting Rhizomatous. \$1.00

MANICATA AUREO CRISPA

MARGUERITACAE

JOE HAYDEN

SUBVILLOSA. Of easy culture. Fast growing species. Leaves soft green, ovate. Flowers white. 75c.

TEA ROSE. Free flowering and fragrant. 75c.

TENUIFOLIA. One of the oldest known; leaves thick, deep green above, lighter beneath with light red veins; flowers profusely, delicate pink. \$1.00.

ULMIFOLIA. Erect plant with leaves of light green resembling the elm tree. 75c.

UNDINE. Bushy. Leaves crinkled. Large white flowers, fragrant. 75c.

RHIZOMATOUS AND PROCUMBENT GROUP

BESSIE BUXTON. The upright Pond Lily or Beefsteak Begonia. Very free blooming light pink flowers. \$1.00.

BUNCHI. Leaves light green, crested margins. \$1.50.

CAROL STAR. Strong grower with large rhizomes. Leaves deeply slashed, star-shaped. Light pink flowers in winter. \$1.50.

CHIMBORAZO. Clumpy grower. Leaves smooth light green, peltate. Easy culture. \$1.00.

CONCHAEFOLIA. Nasturtium leaved. Small Rhizomatous with slightly concave peltate leaf. \$1.00.

ERYTHROPHYLLA. Feasti or Pond Lily. Leaves thick, smooth green above, red under. Light pink flowers borne well above the foliage. \$1.00.

ERYTHROPHYLLA HELIX. Spiraling form of the above. \$1.50.

FUSCOMACULATA. Creeping root-stocks lying close to the pot. Smooth chocolate spotted leaves, shallowly lobed. Profusion of light pink flowers. \$1.00.

GILSONI. Erect. Pointed leaves, toothed, smooth green. Pink blooms, appearing double. \$1.00.

HERACLEICOTYLE syn. Mrs. Townsend. Bronzy green leaves, shallow lobes. Showy deep pink blooms. \$1.00

HERACLEIFOLIA. The all-green "Star-leaved" begonia. Large white blossoms. \$1.50

HYDROCOTYLIFOLIA. Pennywort or miniature Pond Lily-type. A plant for the terrarium. Dark green glossy leaves on short petioles. Flowers light pink. \$1.00.

INVOLUCRATA. Upright growing. Leaves, very fine, hairy light green, lobed. Fragrant flowers bursting from papery envelope. A beautiful white flowered species from Costa Rica. \$1.50.

LETTONICA. Leaves shallowly lobed, light green; red margins fringed with hairs; clear pink flowers. \$2.00

MARIAN. Much like Ricinifolia in leaf and form. Flowers are of deepest pink. \$1.50

MANICATA. Light green leaves, smooth, toothed. Collar of fleshy hairs under the leaf sinus. Delicate pink flowers. \$1.00.

MANICATA AUREO MACULATA. Like the above variety but having yellow leaf markings. \$1.50.

MAPHIL. Colorful dwarf rhizomatous; bushy habit; velvety chartreuse leaves suffused with deep brown; light green veins; long eye-lashes on margin; petioles green with red flecks. \$2.00

MEXICAN 275. New, unnamed variety; rhizomatous type; unusual transparent copper leaf; dark veinings. \$2.00

MRS. MARY PEACE. A star begonia with deeply-slashed leaves. Flowers light pink. \$1.50.

PAUL BRUANT. Of easy culture. Free flowering in winter. Leaves fine lobed and pointed. \$1.00

PERLE LORRAINE. Upright. Leaves sprinkled with chocolate markings. Pink flowered. \$1.00.

ERYTHROPHYLLA HELIX

BUNCHI

BOWERI

- PHYLLOMANIACA. Green leaves, produces tiny plantlets on the older leaves. (syn. Jessie). \$1.00.
- PINETORIUM. Mexico. Very rare; rhizomatous felted-leaf type; free flowering in winter. \$3.50
- REICHENHEIMI. Leaves deeply lobed, green with light bronze; large bright pink flowers. \$1.00
- RICINIFOLIA. Robust rhizomatous variety like the castor bean. New leaves rusty red. Large deep pink flowers during winter. \$1.50.
- SILVER STAR. Sharply lobed leaves heavily blotched with silver. Leaves face-up on erect stems. \$1.00.
- SKEEZAR. Leaves of bright green and silver. \$1.50.
- STRIGILLOSA. Mexican species with light green leaves chocolate spotted. Choice. \$1.00.
- SUNDERBRUCKI VAR. HERACALEFOLIA. "Star begonia" Deeply slashed leaves of dark green, toothed. Pink flowered in late winter. \$1.00.
- SQUAMOSA. Bright green glossy leaves, red margin; pink blossoms. \$2.00
- TEMPLINI. The variegated phyllomaniaca or Jesse. Erect branching. Leaves blotched yellow, margins tinted in sunlight. Flowers pink in winter. \$1.00.
- VERSCHAFFELTI. Erect shallow lobed leaves. Beautiful clusters of bright pink bloom during winter. \$1.00

FELTED LEAVED TPYE

- BARKERI (OLD). The variety we list here is possibly the old form of Barkeri with fleshy leaves, fine hairy beneath. Flowers pink in Winter. \$1.00
- INCANA. Gray-green felted peltate leaves. Erect habit. Flowers creamy white, tinged pink \$2.00.
- KELLERMANI. Resembles Incana with the leaves cupped. Lower growing. Flowers light pink. \$1.00
- SOCIETY. Better known as Coriacea. Fleshy leaves appear stemless with large papery stipules. 75c
- VENOSA. Leaves thickly covered with silvery hairs. New leaves produced from paper-like sheaf, pleated, gradually unfolding to a flat rounded leaf. Will take much sun in winter. Very free flowering, ivory white and spice scented. \$1.50.
- WOOLLY BEAR. Very dwarf, free flowering plant, with round leaves. Stems and underside, brown and woolly. Flowers white. 75c.

HANGING BEGONIAS

- IVY-EVER. Well suited for baskets. Small heart-shaped leaves dark green. Large blooms of showy pink. Winter blooming. \$1.00.
- LIMMINGHEI. syn Glaucophylla Scandens. Very popular hanging type with spear-like smooth green leaves. Brilliant coral blossoms in late winter. \$1.50.
- MANNI. African species. More ascending than hanging. Stems woody. Interesting different blooms. \$1.50.
- MARJORIE DAW. Large leaf with pendant growth. Bright green leaves. Flowers deep pink. 75c.
- SCANDENS. Compact grower with small shining crinkled leaves. Tiny white flowers having an airy effect. 75c
- SCANDENS CORDIFOLIA. (syn. B. GLABRA) Larger and stronger grower than the above. Leaves are heart-shaped and light green. \$1.00.
- ELSIE FREY. Plant hugs the pot with glossy dark cordate-like leaves. Flowers pink in late winter. \$1.00

ANGEL WING OR CANE TYPE GROUP

- ACUTANGULARIS. Stems deeply grooved. Leaves similar to Angularis. More compact. 75c.
- ANGULARIS. Green leaves with gray veins. Stems dark red. Flowers white, small. 75c.

LIMMINGHEI

VIAUDE

DI-ERNA

- ANNABELLE. Typical angel wing with light green leaves, silver-spotted, green beneath. Large drooping flower clusters of rose pink. \$1.00.
- ALZASCO. Erect grower with very dark green leaves, faintly spotted. Deep red under. Dark red flowers. \$1.00
- ARGENTEA-GUTTATA. Well-known "trout-leaf" begonia. Flat leaves, pointed, heavily silver spotted. Flowers white tinged pink. 75c.
- COCCINEA. Cane type with smooth green leaves, margins red. Flower clusters coral red. \$1.00.
- CORALLINA DE LUCERNA. Constant bloomer. Large, smooth, dark green leaves, spotted. Salmon rose blooms. \$1.00.
- COMPTA. Rather tall grower. Green-gray veined leaves. Flowers white. scarce bloomer. 75c.
- DI-ANNA. Free flowering heavily-spotted cane type plant with salmon-orange blossoms. A popular variety. \$1.50.
- DI-ERNA. This Dichroa Hybrid lacks the silver spots so pronounced in Di-Anna. Flowers more freely and shows greater vigor. Flowers are a deeper color than the above. An outstanding variety. \$1.50.
- ELAINE. Low-growing with narrow, slightly rolled leaves of dark green, dark red beneath. Showy rose-pink blossoms in drooping clusters. \$2.50.
- GREYFEATHER. Erect growing habit with leaves pointed, lobed, and undulating edge. Gray along the veins like Compta. Flowers creamy white. \$1.00
- HELEN. Graceful plant with leaves of green and bronze tones. Pure white flowering Lucerna. 75c.
- HELEN W. KING. Medium growth, bronzy leaves faintly silver-spotted. Flowers pink close to stems. \$1.00
- INTERLAKEN. Strong grower, dark wavy green leaves. Huge clusters of dark red flowers in winter. \$1.50.
- LOBATA VARIEGATA. Low branching serrated leaves silver-spotted. Grows best in heat. 75c.
- LOBULATA. Grape leaf, large cluster of small whitish-pink flowers, handsome winter bloomer. \$1.00.
- LUGANO. Dark green pointed leaves with toothed margins. Flowers deep pink in great profusion. \$1.00.
- MME. DE LESSEPS. Easy growing hybrid with pointed lobed leaves. Out-standing are the large creamy white blossoms, pink tinged with increased light. \$1.00.
- ORRELL. Universal favorite. Long pointed light green leaves that are silver-spotted. Flowers profusely salmon-rose. \$1.00
- PRES. CARNOT. Light green leaves with faint silver spots. Flowers bright red. \$1.00.
- RED ARGENTA. Tall growing seedling of Argenta-Guttata with deep pink flowers. \$1.50.
- ROSIE MURPHYSKI. Dwarf, bushy growth. Leaves silver-spotted. Margins toothed and crinkled. Flowers pink on short stems. 75c.
- SARABELLE. Smaller plant than Annabelle. Leaves have a red cast beneath. Flowers white and pink. 75c.
- SHASTA. Tall growing all-green angelwing variety. A fine white flowering Coccinea hybrid. 75c.
- SURETTA. Low growing, shiny maple-shaped leaves, light green suffused with pink; silver spotted; flowers light pink. \$1.00
- TRAILING B. SCHARFFI. Very rare; cover picture "The Begonian", Jan. 1956. \$2.00

HAIRY LEAF GROUP

- ALLERYI. A favorite in this group with leaves dark green, deeper veins. Compact grower. Flowers bright pink bearded. \$1.00.

- ALTO-SCHARFF. Beautiful hybrid of Scharffiana. Grows more erect with longer narrower leaves, than its parent. Hairy overall. \$2.00.
- CLEMENTA. Bright green pointed leaves smoother than usual. Haageana hybrid. \$1.00
- CYPRAEA. Medium grower. Leaves mottled green to olive green. Flowers pale pink. 75c
- DROSTI. Rounded dark olive green leaves, flowers very large white with thick deep red hairs. \$2.00
- DWARF HOUGHTONI. Practically a stemless plant. Leaves hairy olive green, red beneath. \$1.00.
- LAETIVIRIDES. Leaves green, dark red under, covered with fine white hairs to give the effect of velvet. A dwarf grower, well branched, flowers white. \$1.00
- LOMA ALTA. A beautiful plant with large dark red leaves, and huge sprays of white flowers. \$2.00.
- MARGUERITE. Bushy plant. Small narrow ovate green leaves with darker veins. Flowers blush pink. 75c.
- METALLICA. A Brazilian species with leaves light green and conspicuous purple veining. Very striking foliage. Medium height. 75c.
- MRS. FRED T. SCRIPPS. Vigorous plant with deeply-lobed leaves. Tiny leaflets form at the basal lobe. Whole plant coarsely hairy. Different. \$1.50.
- NELLIE BLY. Bushy plant with toothed dark green leaves. Flowers pink bearded. 75c.
- PRUNIFOLIA. Erect grower. Leaves smoky green, deep red beneath. Flowers white. 75c.
- SCHMIDTIANA. Miniature. Small hairy toothed leaves. Green above, red beneath with distinct band of light color at the margin. Many small white flowers. 75c.
- SCHARFFI. (Syn. Haageana.) Medium, base branching. Leaves olive green, red beneath. Large clusters of pale pink flowers blooming over a long period. \$1.50.
- SCHARFFIANA. Compact plant with broad hairy leaves. Flowers pink on long arching stems. Truly a distinctive variety. \$3.00.
- VESPERIA. Fine variety. Leaves larger than Marguerite lighter green. White flowered, pink bearded. 75c
- VIAUDE. Long, slightly cupped gray-green leaves low-branching. Beautiful large pure white flowers in clusters contrasted with golden stamens. \$1.50.

SMOOTH RED-LEAVED GROUP

- BRAEMAR. Strong growing plant with well-rounded dark green leaves. Beef steak red beneath. Flowers white on long arching stems. \$2.00
- CHIALA. Nearly smooth lance-shaped leaves with wavy margin. Much like Mrs. Wallow. 75c.
- D'ARTAGNON. Red, lightly felted, leaf; basket type. \$2.00
- DOROTHY GRANT. Leaves cupped, dark green. Dark red beneath. Flowers white in large loose sprays. \$1.00
- FRUTESCANS. A fine variety leaves cupped red beneath. 75c.
- FRUTICOSA. Thick dark green leaves. Small white flowers. 75c.
- DWARF FRUITICOSA. Miniature form of the above. 75c.
- FRUTESCARIA. Cupped light green leaves, white flowers. Distinctive. \$1.00.
- MRS. W. A. WALLOW. Lance-shaped coarsely-toothed dark green leaves. red beneath. \$1.00
- RED COMPTA. Low-growing smooth plant with red stems and petioles. Leaves small dark red. Quite different. Red flowered. \$1.00.

ROGERI. Odd leaves both round and lobed. 75c.

SANGUINEA. A brilliant Brazilian species with thick evergreen leaves, glossy green above blood red beneath; small white flowers. \$1.00.

THURSTONI. An old favorite, hardy grower. Leaves metallic green with dark red veins and under; flowers pink 75c.

SMALL LEAVED GROUP

ALBO-PICTA. "Guineawing" Begonia. Species begonia with narrow spotted leaves. Flowers creamy white. 75c.

ALBO-PICTA ROSEA. Like the above with pink blossoms. Leaves wider. 75c

CARPINIFOLIA. Beech leaf Begonia. Interesting species with pleated, light green leaves. 75c.

CATALINA. syn. Lady Waterlow. Graceful. Slightly hairy leaves. margins toothed. Flowers tinged pink. 75c

CORBEILLE DE FEU. Upright growth, glossy light green leaves. Flowers bright coral-red. 75c.

DECKERS SELECT. Glossy leaves, heart shaped red buds, turning to pink as they open. 75c.

DIGSWELLIANA. A low bushy grower with light green serrated foliage and drooping scarlet flowers. 75c.

EDMONDI. Very lovely dark green curled, serrated leaf, silver dots; reddish tinge underneath. \$2.00

FOLIOSA. The tiniest leaved begonia, often called the "Fern-leaved." A beautiful plant with notched, miniature foliage, and very small white flowers at the ends of the drooping branches. \$1.00.

FUCHSOIDES. Small green foliage, toothed. Erect and arching. Flowers bright red, pendulous. 75c

FUCHSOIDES ROSEA. Leaves green glossy. small and blunt. Rose pink blossoms in winter. 75c.

INCARNATA VAR. SANDERSI. Profuse light pink flowers in early winter. Bushy, with light green leaves. Toothed margin. \$2.00.

INGRAMI. Erect bushy, with bronze green leaves, toothed. Flowers deep pink. 75c.

JINNIE MAY. Medium plant erect and spreading. Leaves dark green, narrow. Deep rose flowers, drooping. 75c

LULANDI. Hybrid of Sutherlandi. Thickly branched with broader leaf than its parent. Does not go dormant. Large pink flowers. \$1.00.

MAY QUEEN. Narrow light green leaves silver-spotted. Flowers white profuse drooping clusters. 75c

MEDORA. Miniature trout leaf begonia. Bushy habit branching. Flowers light pink. 75c

PERFECTIFLORA. Resembles Undulata except that the leaf is smaller. Large white flowers. 75c

RICHMONDENSIS. Resembles Catalina; much bigger leaf and bigger grower; everblooming large bright pink flowers in winter. \$2.00

SACHSEN. Low-growing plant with pointed toothed leaves. Flowers deep pink to red depending on light. \$1.00.

UNDULATA. Bushy plant with smooth green leaves, interesting wavy margins. Flowers white. 75c.

VEITCH'S CARMINE. Medium plant with smooth pointed leaves, light green tinged at the margins. Beautiful large carmine blossoms. \$1.00.

WASHINGTON STREET. "Peachleaf" begonia. Erect plant, showers of white blooms. 75c.

WINTER JEWEL. Low bushy plant with frosty green leaves, toothed. Minute pink flowers covering the plant during winter months. \$1.00

WAX AND ROSE BEGONIAS

Cultural Hints

Wax Begonias grow best in a well-drained soil. Do not over-water. They require more plant food and more light than other begonias. To develop a more shapely plant, pinch the tips.

Mite occasionally damage begonias causing stunted growth and curling of new leaves. Spray infested plant with one teaspoon of Lysol to one quart of water.

RED LEAVED DOUBLES

Ernest Kimball Logee Hybrids

- BALLET. Finest double white. Beautiful contrast to the bronze foliage. Plants are neat and compact. Extra strong grower and very free flowering. \$2.00.
- BO PEEP. A gem. Dark bronze leaves with dark pink, extra double flowers. Very free flowering. \$2.00.
- ERNEST K. The darkest foliage of all the Logee introductions with rose-red flowers. Flowers and foliage are richly contrasted. Much admired. \$2.00.
- JACK HORNER. Extra strong free flowering variety with rose pink flowers resembling a miniature camellia. Makes an excellent basket plant. \$2.00.
- JOAN STRONG. Semi-dwarf, bushy plant with red foliage. Large double pink flowers. Very showy. \$1.50.
- LUCY LOCKET. Super double bright pink blooms. Leaves light bronzy green. Plant of great vigor. \$2.00.
- LUSCIOUS. Graceful plant with airy light pink flowers shading to white in center. Foliage has a slightly green overcast lending a striking contrast. \$2.00
- OLD LACE. Large rose pink blossoms with many lacey petals. Profuse winter flowering. \$2.00
- WINKIE. Most compact of the group. Covered the year around with large old rose double and multiple double flowers. \$2.00.

RED LEAVED THIMBLE HYBRIDS

- CINDERELLA. Sport of Firefly. Blossoms growing pink, crested, varying in season to pink overlaid with yellow. Tips of blooms cherry red. Branches well, free flowering. \$2.00.
- CURLY LOCKS. Dark bronze foliage, semi-upright. Flowers shaped like a thimble, bright sulphur yellow with bracket of pink on upper petals. \$2.00
- FIREFLY. Crested coral red flowers, covering the entire plant. A beautiful contrast to the dark bronzy foliage. \$2.00
- PERRYANN. Dark red foliage, thimble-shaped flowers of large exquisite pink. Very showy. \$2.00
- PIED PIPER. One of the loveliest creations. Dwarf bushy plant with very dark foliage covered with clusters of crested pink flowers. \$1.00
- PISTACHIO. Very dwarf. Center of thimble lovely light green changing to yellow as the blossoms mature. Outer petals light pink. Most interesting type. \$2.00
- ROBIN HOOD. A gem. Bronze foliage, dwarf habit. Soft pink flowers with red eye completely cover the plants. \$1.50.
- THIMBLEBERRY. Glossy dark foliage, dwarf habit. Flowers hang in rich clusters resembling red ripe fruit; color changes from dark red to light red and yellow as the season changes. \$2.00.

GREEN LEAVED DOUBLE SEMPERFLORENS

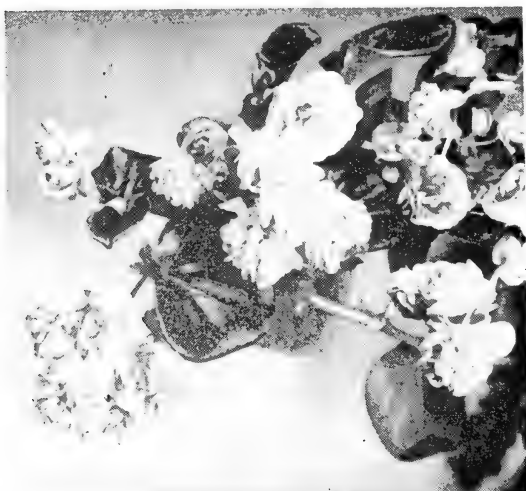

- DAINTY MAID. Striking two-toned color; center of fully double flower pure white, outer petals and edges tipped with rose pink. \$1.00.

CALLA LILY

BALLET

FLOWERS OF LUCY LOCKET

- GREEN LEAVED THIMBLEBERRY. A special hybrid originated by Ernest K. Logee for those who like the plain green leaf with the same beautiful thimbleberry type flower. Profuse bloomer. \$2.00.
- NEW HAMPSHIRE HYBRIDS. Originated by Prof. W. D. Holley. All double semi-dwarf free flowering. Separate colors red or pink. \$1.00 each
- PINK WONDER. Dwarf upright, compact habit, green foliage. Gorgeous double pink flowers of immense size. Most spectacular. \$2.00
- SNOW WHITE. Dwarf, double white flowers with green foliage. \$1.00

CALLA LILY BEGONIAS

- CALLA LILY. Old-fashioned variety with single red flowers. Green and white leaves. \$2.00.
- CALLA QUEEN. Extra strong grower. Large green leaves at base; new leaves pure white forming a perfect miniature calla lily. Large single rose pink flowers. Young plants all green. \$2.00.
- CALLA LILY DOUBLE PINK. New. Beautiful green and white foliage with luscious all double light pink blooms. Very striking. \$3.00.

TUBEROUS VARIETIES

- EVANSIANA. Asiatic species. Broad green leaves, red-veined with showers of true pink flowers. Excellent for shade garden. 75c.
- FROEBELI. Stunning species from Ecuador. Broad gray-green velvety leaves. Very showy scarlet blossoms. Winter flowering. \$3.00.
- MARTIANA. The "Hollyhock" Begonia. Large showy pink flowers close to the stem. Dormant in winter. \$2.00.
- SOCOTRANA. One of the parents of the "Christmas" Begonias. Shining peltate leaves, many single light pink flowers. Shipped in autumn. \$1.00.
- SUTHERLANDI. Small, narrow, toothed leaves; flowers light orange. Good for hanging baskets. Dormant in winter \$1.00

SEMI-TUBEROUS VARIETIES

- DREGELI. Small maple-like leaves of bronzy hue, shallow lobed, white flowers, blooming freely. \$1.00.
- WELTONIENSIS. Bushy habit, leaves small, toothed. Flowers pink. 75c
- WELTONIENSIS ALBA. Leaves round and shallowly lobed. Erect. \$1.00
- MACBETHI OBTUSA. Green-leaves, white flowers, blooming freely. 75c

GERANIUMS

All geraniums 50c except where noted

SCENTED-LEAVED

Rose Scented

- GREY LADY PLYMOUTH, *P. graveolens*. Regular rose leaf with silver gray cast.
- LADY PLYMOUTH, *P. graveolens*. Variegated, irregular shaped leaf.
- LARGE-LEAVED ROSE, *P. capitatum*. Large coarse deeply lobed leaf.
- MINT-SCENTED ROSE, *P. graveolens* var. *variegatum*. The "variegated" rose geranium. \$1.00
- ROBER'S LEMON ROSE, *P. graveolens*. Strong rose scent. Irregularly lobed leaf.
- SNOWFLAKE. Similar to above but with white flecks in leaf.
- TRUE CAPITATUM, *P. capitatum*. A new variety from South Africa. Round tomentose, dentate leaf with strong rose scent. \$1.00
- TRUE ROSE, *P. graveolens*. Old fashioned rose. Lavender blooms.

Lemon Scented

- DR. LIVINGSTON (Skeleton Rose), *P. graveolens*. Deeply cut rose leaf with strong lemon scent.
- GOOSEBERRY-LEAVED, *P. grossularioides*. Crispum leaves mottled yellow. Strong fragrance.
- LEMON CRISPUM, *P. crispum*. Tiny crinkled leaves, pyramidal shaped. Strong lemon scent. The finger bowl geranium.
- P. crispum* minor. Smaller leaves than above. 75c
- LEMON, *P. limoneum*. Extra strong lemon scent. Attractive rose pink blooms.
- PRINCE RUPERT, *P. crispum*. The largest leaved in Crispum group. Strong lemon scent.
- VARIEGATED PRINCE RUPERT, *P. crispum* var. *variegatum*. Beautiful cream and white leaf. 75c

Fruit and Spice Scented

- APPLE, *P. odoratissimum*. Round leaf trailing variety. Delightful fragrance, tiny white blooms. 75c
- APRICOT, *P. scabrum*. Deeply cut glossy leaf. Strongly scented. Lovely dark rose blooms. 75c
- COCOANUT, *P. parviflorum*. Small round leaves. Trailing habit. Tiny magenta flowers.
- FILBERT, *P. Concolor*. Small deeply lobed tomentose leaf. Crimson blooms in profusion in Spring. Strong filbert scent.
- GINGER, *P. torento*. Small round dentate leaf with grey cast. Beautiful large lavender blooms. Very pleasing fragrance.
- LIME, *P. nervosum*. Similar to the above. Leaves smaller and more dentate.
- LOGEEL, *P. fragrans* x *odoratissimum* hybrid. Compact upright growth. Deeply lobed grayish leaf with old-spice fragrance. 75c
- NUTMEG, *P. Fragrans*. Small grayish strongly scented leaf. Small white blooms. A very popular variety.
- ORANGE, *P. citriodorum*. Medium crenate leaves. Marvelous scent and beautiful blooms of white, lavender, and maroon.
- SOUTHERNWOOD LEAVED, *P. abrotanifolium*. Feathery — like leaves on tall stems. Fragrance and growth like old fashioned Southernwood. Small white and red blooms. \$1.00

- STRAWBERRY. (Countess of Scarborough) *P. scarborovide*.
 Small glossy deeply cut leaf. Bright rose blooms.
 Choice. 75c
- UPRIGHT COCOANUT, *P. patulum*. New specie from South
 Africa. Small deeply lobed leaves with dark zone.
 Yellow flowers freely produced on long stems. Pleasant
 cocconut fragrance.

Peppermint Scented

- JOY LUCILLE, *P. tomentosum* x *graveolens*. Large deeply
 lobed leaf with same velvety texture as peppermint
 with strong mint scent and pink flowers. A tall vigorous
 grower. One of our own hybrids. 75c
- PEPPERMINT, *P. tomentosum*. Old fashioned peppermint
 geranium. Large, lobed velvety leaf with strong pepper-
 mint odor. Feathery white blooms.
- PUNGENT PEPPERMINT, *P. denticulatum*. Deeply cut skele-
 ton-like leaf with grey velvety appearance. Taller grow-
 er. Flowers white, like peppermint. Mint scent. A very
 lovely variety.

Pine Scented

- FERN-LEAF, *P. filicifolium*. Leaf finer cut and fragrance
 stronger. 75c
- PHEASANTS FOOT, *P. viscosum*. Cut-leaf with toothed edge.
 Bright attractive rose blooms, pine fragrance. 75c
- PINE SCENTED, *P. denticulatum*. Finely-cut and dentate
 leaf. Lavender blooms and strong odor. An attractive
 variety.

Pungent Scented

- BEAUTY, *P. quercifolium*. Pretty deeply lobed leaf with
 dark center. Lavender rose flowers freely produced.
- BLANDFORDIANUM, *P. graveolens* x *echinatum*. Deeply
 cut grey leaf. Wiry growth. Attractive white blooms
 with dark markings. An interesting variety.
- BRILLIANT. Another beautiful flowering variety with large
 toothed leaves and crimson blooms. Compact growth.
- CLORINDA. Lady Washington type. Large rose pink blooms
 with carmine dark markings. Leaves large slightly
 lobed, pleasant pungent.
- CROWFOOT, *P. radula*, cut leaf variety with greyish
 cast. Blooms freely, attractive lavender pink.
- FAIR ELLEN, *P. quercifolium*. The best of the oak-leaf vari-
 eties. Medium sized oak-leaf with dark zone. Shrubby
 growth. Attractive rose blooms.
- GIANT OAK, *P. quercifolium giganteum*. Large, lobed,
 coarse leaf. Tall growth. Bright rose blooms.
- GODFREY'S PRIDE. Fairly large lobed light green leaf.
 Coarse texture. Sweet apple-mint fragrance. Lavender
 rose blooms.
- GRAPE-LEAF, *P. vitifolium*. An interesting variety with
 large grape-leaf foliage. Lavender flowers.
- MRS. KINGSLEY, *P. rapaceum*. Similar to the above. Leaves
 more curled. A choice variety. \$1.00
- MRS. TAYLOR, *P. ignescens*. Deeply lobed cut leaf. Free
 blooming scarlet. One of the best.
- OLD SCARLET UNIQUE, *P. fulgidum*. Beautiful deeply cut
 grayish leaf, oblong shape. Brilliant red blooms on
 long stems. 75c
- PRETTY POLLY (Almond-scented), *P. quercifolium*. Attrac-
 tive deeply lobed green leaves, with dark center.
 Lovely pink blooms.
- ROLLINSON'S UNIQUE. A beautiful variety with slightly
 curled and ruffled leaves. Showy magenta blooms.
 Balm fragrance. 75c

SKELETON'S UNIQUE, *P. quercifolium*. Leaf wavy and slightly lobed with dark center. Prostrate growth. Lavender blooms.

STAGHORN OAK, *P. quercifolium*. Deeply lobed medium leaf with purple veining. Pink blooms. A fine variety.

VILLAGE HILL OAK, *P. quercifolium*. Deeply lobed crenate leaf with pleasant scent. Blooms small lavender.

FANCY-LEAVED

ALPHA. Golden dentate leaf with narrow brown ring. Dwarf compact growth. Free blooming single red. Extra fine for the house. 75c

BECKWITH PRIDE. Mottled green and white foliage. Flowers large semi-double salmon red. Unique. 75c

CLOTH OF GOLD. Pure gold leaf. Single dark pink blooms. Choice. 75c

CRYSTAL PALACE GEM. Gold leaf with light green center. Blooms same as above. Very pretty. 75c

DISTINCTION. Dark green leaf with crinkled and dentate edge with a very distinct brown ring. Umbels of bright red blooms. A truly distinctive variety. 75c

FLOWERS OF SPRING. The variegated green and white geranium. Blooms single red.

FRUTETORUM. A pretty dark zoned variety with beautiful single salmon pink flowers in abundance.

HAPPY THOUGHT RED. Ruffled leaf with yellow center and white-green margins. Single red blooms. An old favorite.

HAPPY THOUGHT PINK. Pink flowered variety of the above. Rare. \$3.00

HILLS OF SNOW. Silver grey leaf with narrow white margin. Blooms double light pink. A free bloomer.

JUBILEE. Yellow green leaf with wide chocolate zone. Single Salmon pink blooms. A very beautiful variety. 75c

LADY POLLOCK. Beautifully colored tricolor leaf of green, red, orange, and yellow. An old popular variety. \$1.50

MARECHAL MacMAHON. Blooms single red, yellow-green leaf with narrow chocolate zone.

MARECHAL MacMAHON. Leaf a lighter yellow, with narrow zone darker than above. Blooms single pink.

MARY ANN. Pretty green and white variegated leaf. Blooms single red.

MISS BURDETT COUTTS. The most beautiful of the tricolors. Leaf with cream edge and green center, purple zone splashed with pink. Very choice. \$2.00

MOUNTAINS OF SNOW. Similar to the above. Leaves smaller, crinkled and cupped.

Mme. SALLEROI DWARF. Another variegated leaf dwarf variety much used for edging.

Mme. SALLEROI UPRIGHT. A taller growing variety of the above. Small single pink blooms. Very pretty. 75c

MRS. COX. Brilliant zones of yellow, red and pink. \$3.00

MRS. CULLUM. Leaf similar to the above. \$1.00

MRS LANGUTH. A fine variegated cream and white variety with double cherry red blooms. 75c

MRS. PARKER. Blooms double light pink. Choice. 75c

SKIES OF ITALY. Most brilliantly colored of the tricolors. Distinguished from Mrs. Pollock by its irregularly lobed leaf. Single orange red blooms. \$1.50

VARIEGATED S. A. NUTT. The variegated form of the double dark red flowered commercial variety. Green leaf splashed with white.

DWARF

- BLACK VESUVIUS. Small leaves of dark olive color. Medium single vermilion blooms. \$2.00
- LITTLE DARLING. Small green leaves. Tiny single pink flowers in profusion. 75c
- Mme. FOURNIER. Similar to Black Vesuvius. Leaf olive green. \$1.50
- PIGMY. The tiniest of all geraniums. Small green leaves. Small double scarlet blooms. \$1.00

OTHER INTERESTING TYPES

- APPLE BLOSSOM. A pink and white rosebud. Very beautiful. \$1.00
- BIRDS EGG. Lavender pink with dark pink dots. \$2.00
- DOUBLE NEW LIFE. Semi-double blooms striped red and white. Also called "Stars and Stripes" and "Flag of Denmark". \$1.00
- JEANNE. Flowers white with pink-blush. 75c
- NEW LIFE. Three different types of blooms often seen on the same plant. Blooms usually red with white flecks sometimes white with red or white with pink center. \$1.00
- NOEL. A new fine white in the poinsettia group. Wonderful winter bloomer. \$1.00
- PINK ROSEBUD. Clusters double pink blooms. \$1.00
- POINSETTIA Scarlet, shaggy blooms like a miniature poinsettia. 75c
- POINSETTIA PINK. Like the above flowers shell pink. 75c
- RED ROSEBUD. Clusters of tiny double blooms, like miniature roses. \$1.00
- ROSETTE. Blooms as above but of a magenta color. \$1.00
- SWEET WILLIAM. Single pink blooms with picotee edge. Leaves ivy-green. Dwarf compact growth. 75c

Single

- BARBARA HOPE. Large salmon pink. \$1.00
- BATTLE OF GETTYSBURG. Beautiful orange center shading to violet edge. \$1.00
- GERTRUDE PEARSON. Lovely light pink with white eye. \$1.00
- HARRIET ANN. Beautiful salmon pink center shading to white. \$1.00
- JEAN VIAUD. Semi-double light pink with white center. 75c
- MAXIME KOVALESKI. Rich orange. Very beautiful. \$1.00
- SNOWFLAKE. White with tinge of pink. \$1.00

Double

- BETTER TIMES. A new shade of Cherry Red. 75c
- DOUBLE APPLE BLOSSOM. An old favorite, lovely soft pink and white.
- DOUBLE DRYDEN. Cherry red with white eye. \$1.00
- DREAMS. A beautiful salmon pink. Free bloomer. Dwarf growth. \$1.00
- LULLABY. "Peaches and Cream"; two-toned dark center, light edge. \$1.50
- Mme. BUCHNER. Fine double white. 75c
- MONTMART. Double Violet. \$1.00
- PRINCE OF ORANGE. Double orange. 75c

Ivy Geraniums

- SUNSET IVY (L'Elegante). Variegated ivy leaf with tints of pink when grown in the sun. Very choice. Lavender pink blooms. \$1.00
- VARIEGATED IVY. A lovely variegated ivy geranium with single pink blooms. 75c

CACTUS, TUBEROUS ROOTED AND RARE

Very interesting group. Most of the species grow from so called tubers, or fleshy roots. Dormant during the summer months for us, and through this period they should be kept dry. Growth starts in the early Fall. Water sparingly, gradually increasing the amount until full growth. Requires copious watering in flowering period, which for us is from January to June on most varieties. The tubers can be repotted as required in sandy soil, adding bone meal for fertilizer.

APSIFOLIUM. Celery-leaved "Storksbill"; large ruffled divided grey-green leaves; climbing habit; flowers similar to *Glaucifolium*; evening scented. \$3.00

ARDENS. Like *Glaucifolium* with garnet red flowers. \$3.00

ASCETOSUM. Climbing habit, small scalloped, cupped leaves, silver green. Flowers variegated single salmon pink. Very choice. \$1.00

CRITHMUFOLIUM. Very thick stemmed; foliage finely divided and lacy; small white flowers with red stamens; very choice. \$3.50

ECHINATUM. The Sweetheart Geranium. The most popular in this class. Leaves grey green. tomentose under, short fleshy stems with spine like stipules. Flowers on slender stems, single white, each petal marked with red. Splendid for house culture. \$1.00

FULGIDIUM. Celandine-leaved Storksbill; leaves like wild celandine, wooly and grey, giving a frosty appearance; thick stemmed; flowers scarlet; choice. \$2.00

GIBBOSUM. The Knotted Storksbill. Lovely grey green foliage, stems fleshy and knotted at the joints. Greenish-yellow flowers. Evening scented. Choice. \$1.00

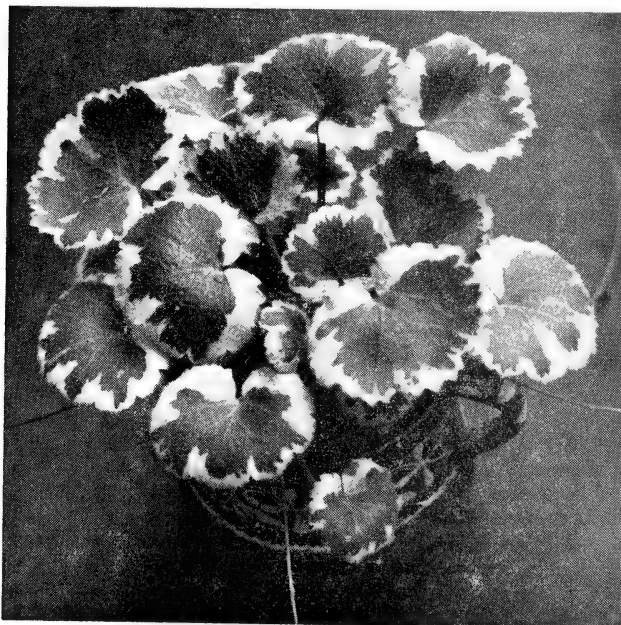

GLAUCIFOLIUM. The Black Flowered Geranium. Leaves large and ruffled, pinnately divided. Flowers on long stems above the foliage, striking maroon color, edged with gold, sweetly scented in the evening. Rare. \$2.50

RENEFORM. Grey furry foliage; much branched, low growing; easiest to grow. \$1.00

SCANDENS. Climbing Geranium. Round, glossy green, slightly zoned leaf. Huge umbels of single lavender flowers. 50c

STAPELTONI. Carmine flowers, large purple spots. Leaves have a soft velvety texture. Choice. \$2.00

TETRAGONUM. Unusual type with quadrangular stems, round thick leaves, with faint dark zone. Single four petaled flowers, rose and white. \$1.00

SAXIFRAGA VARIEGATA

CHOICE PLANTS FOR THE HOME AND CONSERVATORY

- ABUTILON. Flowering Maple. We offer our own special selection of large flowered hybrids. Maple leaf foliage, bell shaped flowers. Red, yellow, orange, copper, salmon, pink, old rose and white. \$1.00
- ABUTILON MEGAPOTANICUM VARIEGATA. A fine basket plant with yellow and green mottled foliage; flowers yellow with red calyx. \$1.00
- ABUTILON THOMPSONII. Upright growth with yellow and green mottled foliage; flowers orange in open formed bell. \$1.00
- ACACIA BAILEYANA. Lacy fern-like silver foliage; fluffiest of all the Acacias; beautiful yellow flowers in winter. \$5.00
- ACACIA FLORIBUNDA. Sidney Golden Wattle; fluffy yellow flowers at ends of branches; seeds sent us from Australia flowered well at 2 years. \$5.00
- ACALPHA WILKESIANA OBOVATA. Green leaves with white edge. Ornamental. \$2.00
- ACHIMENES. Upright or drooping bulbous plants allied to gloxinias. Flowers in summer. Tubers resemble alder catkins. Pansy-like flowers, small hairy leaves. Mixed colors. 6 bulbs for \$1.00. Shipped while dormant.
- AECHMEA HYBRID. "Forsters Favorite". One of the finest of the "living vase plants". Wine-red, shiny leaves; Drooping flowers of amazing color, brilliant red berry with deep blue flowers, in winter. \$2.00
- AGATHEA COERULEA. "Kingfisher Daisy". S. Africa. Sky-blue flowers; for cool greenhouse. \$1.00
- AGLAONEMA COMMUTATUM. Variegated "Chinese Evergreen"; white markings on deep green leathery leaf. \$2.00
- AGLAONEMA MODESTUM. "Chinese Evergreen". Shiny broad leathery pointed leaves; nice for arrangements; a good water plant. \$1.00
- AICHRYSON DOMESTICUM VARIEGATA. "Youth and Old Age". Lovely green and white foliage, pinkish tinge in sunlight. \$1.00
- ALLAMANDA WILLIAMSII. One of the finest climbing plants in cultivation and deserves a place in every greenhouse or sun room. Leaves are a rich dark green, flowers golden yellow, cup shaped about four inches across. Flowering period in spring and summer. \$2.00
- ALLOPECTUS LYNCHII. New. Leaves a rich maroon red. Very attractive bushy plant for the shade. \$2.00
- ALSTROMERIA PULCHELLA. Brazilian Lily. Small lily like flowers of amazing color; green and red in upright umbells. Soft bright green foliage. Flowers in the Spring and early summer. Hardy out of doors with protection. Generous clump of fleshy bulbs. \$1.00
- AMARYLLIS BELLADONNA. Flowers first, summer or fall; foliage follows; intense fragrance; very rare. \$3.50
- ANTHERICUM VARIEGATUM. Spider plant, St. Bernard lily, hardy decorative house plant. 75c
- ANTHURIUM ANDREANUM. Larger growing species; long lasting flowers. \$5.00
- ANTHURIUM SCHERZERIANUM. "Tail Flower". The finest variety for house culture, dwarf habit, evergreen leaves, with showy spathe like flowers of scarlet sometimes covered with white dots. A continuous bloomer, the flowers lasting for many weeks. Flowering sized divisions. \$5.00
- ARDISIA CRENULATA. Evergreen shrub suitable for pot culture. Narrow shining leaves with holly-like berries that remain for a long time. \$2.00
- ASPIDISTRA VARIEGATA. "Barbar-Shop" plant; very easy to grow; green and white leaves. \$3.50

MARANTA TRI-COLOR

FITTONIA ARGYRONEURA

PILEA CADIEREI

- AUCUBA JAPONICA VARIEGATA. "Gold Dust" plant; large glossy green leaves sprinkled with gold; suitable for difficult growing conditions. \$1.50
- BANKSIA ROSE. Climbing rose of China. Clusters of all double white blooms. Rare. \$3.00
- BELOPERONE. Shrimp Plant. Everblooming, golden bronze sheaf, protruding tiny shrimp flowers. 75c
- BILLBERGIA NUTANS. The friendship plant. Flowers emerge from the crown of spathe like leaves, sheath bright rose, flowers green and yellow striped. One of the most interesting early spring flowers. 75c
- BLACK CALLA. We offer fine flowering sized bulbs of this exquisite plant. Leaves and flowers are often used in flower arrangements. Foliage a rich dark green, typical calla lily flower of a rich black velvet color. \$2.00
- BORONIA MEGASTIGMA: Scented Boronia. This rare gem from Australia has sweetly scented blossoms of purple-brown externally, inside petals, old-gold. Fern-like foliage. Must have cool growing conditions, sun and acid soil. Strong plants. \$5.00
- BOUGAINVILLEA. We offer three beautiful colors in this bright free flowering plant. Adapted for the conservatory or window garden. Requires full sun and ample water during the flowering period from late winter to summer. Strong plants in salmon, crimson and lilac. \$3.00
- BOUVARDIA ALBATROSS. White flowering, fragrant. \$2.00
- BOUVARDIA FIRE CHIEF. Unusually beautiful; quantities red flowers; full sun or semi-shade. \$2.00
- BOUVARDIA GIANT PINK. \$2.00
- BOWEIA VOLUBILIS. The Climbing Onion. Succulent bulbs, producing during winter feathery green tendrils. Rare. \$1.50
- BRUNFELSIA-CALYCINA. "Chameleon" plant; flowers size and color of blue violets fading to white; sweetly scented; fine greenhouse shrub. \$3.50
- CALATHEA ARGYRAEA. Silver-leaf maranta. \$3.00
- CALATHEA LIETZEI. Distinctive "feather" of light green on dark green leaf; underneath purple. \$1.50
- CALATHEA MAKOYANA. "Peacock Maranta". Olive-green round leaves; low growing. \$3.50
- CALATHEA ROSEO-LINEATA. Striking narrow green and pink stripes. \$3.50
- CALATHEA ZEBRINA. Large dark feathered velvety leaf; purple underneath. \$5.00
- CALLIANDRA. "Powder-puff" plant; beautiful greenhouse shrub; feathery, graceful foliage. \$5.00
- CAMPANULA ISOPHYLLA. Star of Bethlehem. Trailing plant with star shaped blue flowers. 75c
- CAMPANULA ISOPHYLLA ALBA. Same as above with white flowers. 75c
- CAREX VARIEGATA. A pleasing little dwarf plant, with striped green and white grass like foliage. 75c
- CARISSA GRANDIFLORA. "Natal Plum"; bright green glossy foliage with waxy, white fragrant flowers. \$2.00
- CEROPEGIA THORNCROFTII. Trailing vine heavier than "Rosary Vine" with larger white flowers. \$1.00
- CEROPEGIA WOODI. The Rosary Vine, small succulent, heart shaped, grey leaves of trailing habit. Interesting flowers of maroon. Fine for the window garden. \$1.00
- CHAMAELAUCIUM Ciliatum, Cameo Pink, Geraldton Wax Flower, shrubby fragrant foliage, showy pink and white flowers. Rare. \$5.00
- CHAMAERANTHEMUM. Similar to "Prayer plant"; smaller leaved; rare. \$3.00

PASSIFLORA

HOYA AUSTRALIS

- CHIRONIA. Blue-grey foliage like Dianthus; pink flowers in summer. \$1.00
- CHORIZEMA CORDATUM. Australian Flame Pea or Flowering Oak. Small holly-like leaves. Flowers orange-red with purplish keel in open loose racemes. Very choice. \$2.00
- CISSUS ANTARCTICA. "Kangaroo Vine"; notched glossy foliage. \$1.00
- CISSUS ANTARCTICA MINIMA. Miniature "Kangaroo Vine". \$1.00
- CISSUS VOINERIANA. Huge "Grape-leaf"; very large growing type. \$5.00
- CITRUS OTAHEITE. "Dwarf Orange"; 2 foot bush often has dozen oranges; fruit will stay on for 2 years if well cultured. \$3.00
- CLERODENDRON UGANDENSE. A shrublike plant, bearing panicles of bright blue flowers during winter and early spring. Likes sun and ample water during growing season. Ideal for the small greenhouse or sunroom. \$2.00
- COLUMNEA GLORIOSA. Nice basket plant; very fine red hairy foliage; red flowers. \$3.00
- COLUMNEA SCHEIDEANA. Trailing plant of the Gesneria family resembling Trichosporum. Flowers tubular scarlet. Leaves fleshy and small. \$2.00
- CONVOLVULUS CNEORUM. Silver bush morning glory; dwarf shrub; beautiful silver-blue foliage. \$2.00
- COPROSMA BAUERI ARGENTEA. "Mirror Plant"; small cool-growing greenhouse shrub; beautiful glossy green foliage. \$2.00
- COPROSMA BAUERI ARGENTEA VARIEGATA. Most beautiful; varying shades white, silver, and pink. \$3.00
- CORONILLA. "Crown Vetch"; small shrub; flowers bright yellow like Genista in winter. \$1.00
- COSTUS SANGUINEUS. "Spiral Plant"; olive-green leaves with silver veins; red underneath. \$5.00
- COSTUS ZEBRINUS. "Stepladder Plant"; light green. \$5.00
- CROSSANDRA UNDULIFOLIA. Tropical India; excellent for the house; glossy foliage; beautiful pastel orange flowers; blooms best in warm sun. \$2.00
- CRYPTANTHUS BIVITTATUS. Pinkish-bronze leaf pale green bands. \$1.00
- CRYPTANTHUS BROMELOIDES TRICOLOR. Striking variegated ivory white on green with sunset rose. \$5.00
- CRYPTANTHUS ROSEUS PICTUS. Flat reddish star with rosy stripes. \$1.00
- CRYPTANTHUS ZONATUS. Brownish-green with tan striping. \$2.50
- CUPHEA HYSSOPIFOLIA. "Elfin Herb". Shrubby plant having fine needle like foliage, tiny light lavender flowers blooming over a long period. \$1.00
- CYANOTIS KEWENSIS. Small trailing variety with dark green leaves, densely brown-hairy. Very choice. \$1.50
- CYANOTIS SOMALIENSIS (Pussy Ears). Miniature trailing plant resembling the inch plant. Hairy wedge-shape leaves. Flowers blue or light purple. Likes sun and heat. \$1.00
- CYCLAMEN NEOPOLITANUM. Baby Cyclamen—tiny rose pink flowers, often sweetly scented. Leaves mottled. Rare. \$1.00
- CYPERUS ALTERNIFOLIUS. Umbrella Plant. Aquatic. \$1.00
- CYPERUS DIFFUSUS. Dwarf "Umbrella Plant"; steel-green leaves; not shiny. \$2.00
- CYPRIPEDIUM HARRISIANIM. Mahogany colored; fall flowering. \$5.00

- CYPRIPEDIUM INSIGNE. Brown orchid or lady slipper orchid. \$3.00
- DAPHNE ODORA. Compact shrub; glossy camellia-like leaves; very fragrant flowers Nov. to March; lovely house plant. \$5.00
- DIEFFENBACHIA PICTA R. ROEHRSI. Leaf almost entirely yellow; green border with blotches of ivory; striking; excellent keeper. \$3.50
- DIOSMA REEVESII. "Breath of Heaven"; delightful pine-scented; strong grower; similar to heather; white flowers. \$1.00
- DIPLACUS GLUTINOSUS. Shrub with sticky narrow toothed leaves. Flowers pastel orange. \$1.00
- ELEAGNUS. Spreading bush; green leaves covered with silver dots. \$1.50
- EPIDENDRUM. Exquisite miniature orchid; beautiful for corsages and cutting; blooms year around; orange and yellow. \$2.00
- EPIDENDRUM O'BRIENIANUM. Same as above with red flowers. \$2.00
- EPIPHYLLUM. Orchid cactus, pink, and red varieties. \$1.00
- ERANTHEMUM NERVOSUM. One of the most beautiful brilliant blue flowers in terminal spikes, much like salvia. Flowers during winter over a long period. Foliage blue green. \$2.00
- ERANTHEMUM TRICOLOR. Shiny leaves, metallic red with pink. \$2.00
- EUONYMOUS JAPONICA. "Golden Queen". Glossy green leaves centered with gold. Strong grower. \$1.00
- EUONYMUS JAPONICUS SILVER QUEEN. Hardy hedge or garden plant; also nice for the house; boxwood type, light green leaves with silver margin. \$1.00
- EUONYMOUS MICROPHYLLUS VARIEGATUS. Miniature plant with tiny variegated leaves. \$1.00
- EUONYMOUS MINIMA. Miniature leaves with grey veins; wonderful trailing habit. \$1.50
- FATSHEDERA. "Tree-Ivy". A splendid plant for shade. Beautiful glossy leaves, perfect ivy-shape, on upright stems. Of easiest culture. \$1.50
- FATSHEDERA LIZEI VARIEGATA. Another "Tree-Ivy" with variegated foliage; very attractive. \$2.00
- FICUS ELASTICA. "India Rubber Plant". \$3.00
- FICUS ELASTICA VARIEGATA. Variegated. \$3.50
- FICUS QUERCIFOLIA. "Oak Leaf"; trailing habit. \$2.50
- FICUS RADICANS VARIEGATA. Variegated. "Trailing Fig". \$1.50
- FICUS REPENS. Trailing fig, miniature like ivy leaves, fast grower, clings to walls. 75c
- FICUS REPENS PUMILA. "Miniature Fig"; creeper, very tiny leaves. \$1.00
- FITTONIA ARGYRONEURA. Very choice foliage plant. Light green leaves with fine silver netting. Loves shade. \$1.50
- FITTONIA VERSCHAFELTI. Olive green foliage with rose veins. \$2.00
- FRUIT-SCENTED SAGE. Delightfully scented leaves; profuse crimson flowers all winter; excellent for sunny window. \$2.00
- FUCHSIA CASCADE. Hanging type variety. Very free flowering. Lavender-rose and white. \$1.00
- FUCHSIA. Little Jewel. Finest of all the small flowered fuchsias. \$1.00
- FUCHSIA. Sun Ray. Foliage in sunset colors, flowers red and maroon. \$1.00

- FUCHSIA "HONEYSUCKLE". The old fashioned red-leaved fuchsia, with elongated orange-red bells. Profuse flowering throughout the winter. \$1.50
- FUCHSIA LITTLE JEWEL VARIEGATED. Very rare. Variegated pink and white leaves. \$2.00
- FUCHSIA ROLLO. A near white double flower having faint pink overcast. Free and long flowering. \$1.50
- GAZANIA RIGENS. Low growing perennial from the Cape of Good Hope. Large daisy like flowers of brilliant orange with distinctive black disc at base of petals. Leaves narrow light green white beneath. Suitable for cool house, sunny location. \$1.50
- GREVILLEA WILSONI. Fire Wheel. A west Australian plant with fern like foliage. Flowers red and yellow. Rare. \$2.00
- GUAVA. Lemon or Strawberry. Tropical fruit used for jelly; waxy green leaves. \$1.00
- GYNURA AURANTIACA. Royal Velvet Plant. Beautiful royal velvet purple foliage plant. Choice. \$1.00
- HETEROCENTRON SUBTRIPLINERVA. A lovely winter blooming small shrub, light green foliage, stem sharply four angled. The pure white star like flowers completely cover the plant. \$1.00
- HIBBERTIA VOLUBILIS. Climbing with glossy green leaves and bright yellow flowers 2 inches across; flowers in winter. \$1.50
- HOYA AUSTRALIS. Large rounded leaves. Flowers white in very large umbels. An extra strong grower. \$2.00
- HOYA CARNOSA. The old fashioned Wax Plant. Flowers in umbels, light pink with star shaped center of rose. \$1.50
- HOYA CARNOSA VAR. VARIEGATA. Like the above, with creamy edged leaves, turning pink in sunlight. Very rare. \$2.00
- HOYA BELLA. Miniature Wax Plant. Flowers white, center blush pink. Very fragrant. \$2.00
- HYPOESTIS FOETIDA. "Pink Dot". A fast growing foliage plant with bright green leaves sprinkled with rose colored dots. \$1.00
- IBOZA RIPARIA. African herb used by natives as moth repellent; numerous plume-like white flowers in winter. \$1.00
- INCH PLANT. Red, variegated, green. 75c
- ISOLOMA CECILIAE. Compact growth; rose colored flowers; choice. \$2.00
- ISOLOMA ERIANTHUM. Rare. Soft velvet green leaves. Flowers tubular, like foxglove, orange-red, the lower lobes spotted. Excellent winter flowering for partial shade. \$2.00
- IXORA COCCINEA. One of the most satisfactory winter blooming house plants. Leaves bright shiny green offset by clusters of orange red flowers. \$3.00
- JACOBINIA COCCINEA. Smooth green leaves; spikes of pink flowers. \$1.00
- JASMINUM MAGNIFICUM. "Royal Jasmine". A fine jasmine for the window garden, growth is bushy with glossy green leaves, covered with pure white star like flowers, very fragrant. \$2.00
- JASMINUM NUDIFLORUM. "Hardy Jasmine"; good out-door variety; yellow flowers in early spring; China. \$2.00
- JUSTICIA. Plume plant, pink and red. \$1.50
- KITCHINGIA UNIFLORA. Interesting trailing plant, with fleshy small leaves, flowers bright red at ends of stems. Likes ample sun. \$1.00

- LIGULARIA KAEMPFERI, var. ARGENTEA. Very rare; blue-green leaves edged in white; young leaves pinkish in strong light; finest of house plants. \$3.50
- LIGULARIA KAEMPFERI var. aureo-maculatus. LEOPARD PLANT. Very old, extra fine house plant. Rounded glossy green leaves, mottled yellow. \$2.00
- MACLEANIA INSIGNIS. A very rare plant of trailing habit. Leaves glossy green, flowers are bright scarlet in tubular clusters, they appear to look like wax. A handsome plant both in foliage and flower. It was first discovered in the province of Vera Cruz at an elevation of 4000 feet. \$2.00
- MALPHIGHIA COCCIGERA. "Miniature Holly"; tiny Holly-like leaves; light pink flowers. \$2.00
- MALVASTRUM PROSTRATUM. "Trailing Mallow". Silver grey foliage with lovely coral flowers. Long lasting when cut. \$1.00
- MARANTA ARUNDINACEA AUREA. Bermuda Arrow Root. Decorative foliage plant, yellow and green variegated leaves. Excellent for shady windows. Moisture loving plant. \$1.00
- MARANTA KERCHOVEANA. syn. Bicolor. The prayer plant so called because it closes the leaves at eventide. Fine for table plant in shade. Leaves bright green with maroon spots. 75c
- MARANTA MASSANGEANA. Showy leaf like Kerchoveana but more pronounced "rabbit tracks". \$2.00
- MARANTA OPPENHEIMIANA TRI-COLOR. The most brilliant of dwarf marantas. Rare. Leaves of rainbow hue, under side bright rose. \$3.00
- MARECHEL NIEL ROSE. Very old fashioned large double yellow. \$3.50
- MARICA GRACILIS. Twelve Apostles, iris like foliage, white and blue flowers. \$1.00
- MAURANDIA. Hanging basket herb; showy blue flowers, trumpet-shaped; flowers freely in winter. \$1.00
- MEDINILLA MAGNIFICA. Very lovely greenhouse foliage plant; pendulous pink flowers like wisteria. \$5.00
- MUEHLENBECKIA PLATYCLADA. Extremely interesting with broad flat ribbon-like leaves. Flowers white producing red fruit. Of easy culture. \$1.00
- MURRAEA EXOTICA. Dwarf growing; luxuriant bright green small leaves; waxy flowers with intense orange blossom fragrance. \$3.00
- MYRTUS COMMUNIS. The legendary myrtle of the old world. Fine for the cool and shady room. Leaves glossy green, fragrant when crushed. \$1.00
- MYRTUS COMMUNIS VAR. ROMANA. Same as above with lovely white edged leaves. \$2.00
- NEPETA AMETHYSTINA. "Winter Catnip"; soft fuzzy scented foliage; lovely purple flowers from fall to spring; Spain. \$1.00
- NERINE FOTHERGILLI. Guernsey Lily. Flowering bulbs from Africa. Large umbels of scarlet flowers in Autumn. \$1.00
- NIGHT BLOOMING CEREUS. Epiphyllum, large white flowers opening at night, very fragrant. \$1.00
- ODONTOSPERMUM MARITIMUM. Yellow Daisy from Bizerte. Collected by a soldier. Bushy plant with interesting foliage. \$2.00
- OLEANDER VARIEGATA. Lance-shaped leaves edged white. Flowers double pink. \$2.50
- OPLISMENUS HIRTELLUS. Ribbon Grass. Narrow striped pink and white foliage. Grows as easily as inch plant. \$1.00

- ORCHID COELOGYNE CRISTATA. Fragrant white flowers; of easy culture; among cool-growing types temp. 50-65. \$5.00
- OSMANTHUS FRAGRANS. The rare "Sweet Olive". An evergreen plant, having clusters of cream colored miniature flowers with the fragrance of orange blossoms, during Fall and Winter. Best growth in partial shade and cool. \$3.00
- OSMANTHUS ILLICIFOLIUM. The Chinese Holly, Variegated holly, small cream colored edged leaves. Excellent house plant. \$2.00
- PASSIFLORA COREACEA. Leaf resembles a butterfly; blue-green, silver-centered. \$2.00
- PASSIFLORA TRIFASCIATA. Purple band 3-fingered pink foliage; yellow-tinged flower. \$3.00
- PELLAEA ROTUNDIFOLIA. Low growing fern, small fronds near ground; evenly spaced small round leaflets. \$3.50
- PENTAS LANCEOLATA. One of the finest everblooming plants with flowers very like bouvardia, in umbels of pink, white or rose. Often used for flower arrangements and when cut last a long time. Culture is like heliotrope ample sun, water and rich soil. \$1.00
- PEPEROMIA CLUSIAEFOLIA. Thick metallic green leaves, red edge. \$1.50
- PEPEROMIA FOSTERIANA. "Boxwood Peperomia"; light veins; basket type. \$1.00
- PEPEROMIA HEDERAFOLIA. A lovely silver-leaved peperomia; easy culture. \$1.00
- PEPEROMIA MAGNOLIFOLIA. Very good dish garden plant. \$1.00
- PEPEROMIA MINIATA. Tiny dwarf plant with red stems. \$1.00
- PEPEROMIA OBTUSIFOLIA. "5 and 10" common store type. 50c
- PEPEROMIA PERICATTII. Very shiny nasturtium-like leaves. \$1.00
- PEPEROMIA ROTUNDIFOLIA. Another nice dish garden type. \$1.00
- PEPEROMIA RUBELLA. Smallest-leaved of all; reddish green. \$1.00
- PEPEROMIA SANDERSII. "Watermelon Begonia"; silver and green stripes. \$1.00
- PERISTROPHE ANGUSTIFOLIA VAR. AUREA VARIEGATA. A low growing plant with small green and yellow leaves, of spreading habit, useful for window boxes in sun. Flowers rose colored in terminal cymes. \$1.00
- PETREA VOLUBILIS. "Queen's Wreath". Beautiful climber for greenhouse or conservatory. Calyx light lavender. Center of flower like perfect purple violet on long racemes. Very rare. \$3.00
- PHILODENDROM ANDREANUM. Black velvety leaf. \$5.00
- PILEA CADIEREI. "Watermelon Pilea". A most attractive foliage plant with light green leaves, heavily brushed with silver on the raised areas between veins. Collected by missionary Cadier in Annam, (near Indochina). Pinching encourages bushiness. Recently introduced from England by Mr. T. H. Everett under the auspices of the Garden Club of America. \$1.00
- PIPER BETEL. Cordate leaves, vining. Used in Indonesia for chewing betel nut. \$5.00
- PITTOSPORUM. Australian Laurel, glossy, green shrubby growth, very fragrant white flowers. \$1.00
- PITTOSPORUM. Var. Variegata. \$2.00
- PLECTRANTHUS. "Prostrate Coleus". Succulent green leaves with lavender tinted edges. Of easiest culture. 75c

- PLUMBAGO CAPENSIS ALBA. A beautiful form of this popular plant with waxy pure white flowers. \$2.00
- PLUMBAGO CAPENSIS. Shrubby plant with true blue Phlox flowers. \$1.00
- PLUMBAGO COCCINEA. Carmine red flowers; low growing. \$3.00
- PONDEROSA LEMON. One of the finest dwarf fruits for home or greenhouse. Large waxy white fragrant flowers producing real lemons the size of grapefruits. Small 3" pots \$3.00; 5" pots \$8.00
- PUNICA CHICO. New "Carnation-flowered" Pomegranate; finest of dwarf shrubs; $\frac{1}{2}$ foot high; flowers like bright red carnations. \$2.00
- PUNICA GRANATUM NANA. Dwarf Pomegranate; interesting house plant; showy orange-red fruit; single red flowers. \$1.00
- QUISQUALIS INDICA. "What is it?" — tree, vine, or bush! \$5.00
- REINWARDTIA INDICA. "Yellow Flax"; very compact pot plant; beautiful yellow flowers Dec. to April. \$2.00
- RHOEO VITTATA. "Moses in the Bulrushes". Of easiest culture, leaves about eight inches long, dark purple beneath, striped yellow above, often used for flower arrangements. Habit of growth is like a small pandanus. \$2.00
- RIVINIA HUMIS. "Blood Berry". Interesting bushy plant with racemes of small bright red berries. \$1.00
- RONDELETIA. Attractive bushy growth, showy red flowers, fall and winter bloomer, choice. \$2.50
- RUBUS MOLLINCANIS. Creeping form of the velvet-leaf raspberry. \$1.00
- RUBUS REFLEXUS VAR. PICTUS. A fine trailing house plant with velvety green leaves, gray variegated above, cinnamon beneath. Grows best in partial shade and heat. \$2.50
- RUPELLIA COCCINEA. Of real merit. Glossy green salvia like leaves; flowers single bells brilliant red. \$1.00
- RUPELLIA DEVOSIANA. Very rare; center of leaf old-gold edged with deep green; purple underneath; dwarf compact. \$2.50
- RUPELLIA-MAKOYANA. Flowers deep rich pink and tubular interesting decorative foliage, underside purple. 75c
- RUSCUS ACULEATUS. "Butcher's Broom"; artificially colored sprays of this interesting shrub are used extensively for holiday decorations; very easy to grow. \$2.50
- RUSCUS HYPOPHYLLUM. Extraordinary botanical specimen with tiny flowers appearing in center of leaves; foliage lasts for months when used in bouquets; will grow for anyone. 3.50
- SANCHEZIA NOBILIS GLAUCOPHYLLA. Green leaves with strong yellow veins; yellow flowers in long racemes. \$2.50
- SAXIFRAGA LIGULATA. One of our finest new house plants, grown from seed received from the Kingdon-Ward expedition. Leaves are a beautiful shiny green, with metallic lustre. The plant is stemless and is an ideal subject for partial shade. Flowers are interesting, on eight inch stems in large umbels, ivory white and lasting over a long period. \$5.00
- SAXIFRAGA SARMENTOSA. Strawberry begonia, beautiful hanging basket plant, small plants born on runners, flowers fluffy white. 75c
- SAXIFRAGA SARMENTOSA TRICOLOR. Variegated Strawberry Geranium; striking green and white foliage with pink edging; easy to grow; likes it cool. \$3.00

- SELAGINELLA BROWNI. "Irish Moss". Low mossy cushion of brilliant green. \$1.00
- SELAGINELLA MARTENSII WATSONIANA. Upright; lacey foliage silver-tipped. Rare. \$2.50
- SELAGINELLA UNCINATA. "Peacock Moss". Creeping fern-like growth of peacock blue. \$3.00
- SENECIO CONFUSUS. Climbing growth with brilliant orange daisy-like flower. Winter flowering. \$2.00
- SETCREASIA. Striped inch plant, new. 75c
- SMILAX. Old fashioned southern climbing plant; tiny glossy green leaves; sweetly scented white flowers. \$1.00
- SPATHIPHYLLUM CLEVELANDII. Shiny lance shaped green leaves. Beautiful pure white lily-like flowers which last for weeks. Very choice. \$3.00
- STENOTAPHRUM. St. Augustine Grass. Beautiful hanging basket plant. 75c
- STREPTOSOLEN JAMESONI. "Orange Browallia". Brilliant orange flowers in winter; basket plant. \$1.00
- STROBILANTHES DYERIANUS. Beautiful foliage plant, with leaves variegated with iridescent tints of blue and lilac, purple beneath. Requires warmth, abundance of moisture on plant and foliage. \$2.00
- STROBILANTHES ISOPHYLLUS. Bushy habit, willowy leaves. Funnel shape blue and white flowers. \$1.50
